## GLENN KLINE'S BARN BURNS, FIRES WOODS

A barn owned by Glenn L. Kline, Gardner R. 2, on the Peach Glen - Georgetown Rd., was destroyed by fire Sunday afternoon.

Bendersville firemen said the blaze, on a property tenanted by Kermit Shultz, set fire to adjoining woodland and four acres of woods were burned over before the fire could be brought to a halt. Firemen were at the scene about 2 1/2 hours.

Bendersville and Aspers firemen, the Bendersville forest fire crew headed by Charles Bretzman and the Biglerville Fire Company water tank truck were called to extinguish the blaze.

**SPREADS TO WOODS**

Heavy winds blew the flames towards the woods, setting them afire, and away from the house, thus preventing the spread of the fire to the home nearby.

Those at the scene were able to remove a tractor from the burning barn but a cultivator and other equipment used with the tractor, three tons of baled hay and straw, a mower and a number of other small pieces of equipment in the barn were destroyed. Also burned was some siding which had been scheduled to be placed on the side of the barn and in the meantime had been stored in the barn.

The loss was estimated at \$2,500. A pony normally kept in the barn was out on pasture when the fire occurred. Cause of the blaze not immediately determined.

Firemen said there was no water available for some distance from the blazing structure. They used water in the tanks of the engines and then Robert Snyder moved a sprayer loaded with water to the scene to wet down the smoldering ruins from time to time.

## LEFLER GIVEN UP TO 6 YEARS FOR FORGERY

The Adams County court Saturday gave Larry Lefler, Fairfield R. 2, a one- to six-year sentence on charges of forgery and conspiracy on which he previously had been given an indeterminate sentence in 1961.

The action possibly will give Lefler a chance for parole from the indeterminate sentence, part of which he served three years ago.

According to the records, Lefler, then a youth, was sentenced to an indeterminate time in White Hill on the forgery and conspiracy charge. He was paroled, and then later arrested on another charge. As a result of the second arrest his parole on the original case was revoked. Since he had become too old for White Hill, he was transferred to Rockview Penitentiary.

**PLEADED GUILTY**

Lefler then asked a writ of habeas corpus claiming his constitutional rights were violated in connection with the bad check charge in that he did not have counsel. The court agreed to the habeas corpus and directed that Lefler be returned here for a trial on the case since he had not previously had a trial, being sentenced after pleading guilty.

Lefler, however, told the court that he was guilty of the charge and signed a new plea of guilty. The court then observed that it could not put him on parole because he was under the state parole board jurisdiction and sentenced him to the one- to six-year sentence and directed that all time Lefler has served be credited to him with the hope that the matter can come before the state parole board for action.

An Air Force spokesman said wreckage was strewn over a wide area of the strategic base, a relay point for supplies to the U.S. forces in South Viet Nam.

The spokesman said the plane, a C135 jet carrying 73 passengers and a crew of 10, broke up and burned less than a half mile from the runway.

**NO DISTRESS SIGN**

There was no sign of distress before the crash, and the plane "just didn't make the runway," he added.

Most of the 12 survivors were "in pretty bad shape," he said.

The spokesman could not say which service most of the passengers were from — Air Force, Army or Navy. He also could not say whether the plane was bound for another destination after landing at Clark.

Clark Field, about 60 miles north of Manila, is the main U.S. base in Southeast Asia. It is headquarters of the 13th Air Force, and serves as a principal shuttlepoint for supplying American forces in South Viet Nam.

The plane was attached to the 44th Air Transport Squadron of Travis Air Force Base. A spokesman there said it left the base at 9 a.m. Pacific time for the Philippines, and stopped at Hickam, in Hawaii.

Earlier in the day two Philippine air force jets crashed at Basa base in central Luzon island. The pilot of one plane was killed but the pilot of the other parachuted to safety.

## TWO ON TRIAL IN AUTO DEATHS LAST NOV. 28

Trial began this morning in Adams County court of Richard M. Rebert, 19, Hanover, on charges of involuntary manslaughter and drag racing and of Philip E. Eltz, 18, Hanover, charged with drag racing.

The three charges are being heard simultaneously because they arise from the Thanksgiving Day death of two Hanover boys on the Mt. Pleasant Rd. less than a mile south of McSherrystown.

State Policeman Edwin P. Karr read into the record this morning a statement which he said he wrote and Eltz signed, which quotes Eltz as saying that Rebert mentioned his car alongside Rebert's vehicle, then invited him to take part in a drag race, "and I said okay."

Officer Karr said Eltz made the statement in the McSherrystown police office about 5:30 on the afternoon of November 28, three hours after the fatal accident in which Eltz's younger brother, Calvin Joseph Eltz, 17, and Gary Lee Furry, 21, Hanover, were fatally injured. Four other occupants of the car were injured in the accident.

According to the Eltz statement, as read by Karr, Eltz, who had his brother, Michael, and three others in his auto, was driving from McSherrystown to Mt. Pleasant, when Rebert, who was driving the car ahead, slowed and motioned Eltz to pull alongside his vehicle. When the two cars came alongside the challenge to a drag race was made. Another car appeared and Eltz pulled ahead. When the other car had passed, Rebert pulled his car alongside Eltz's vehicle. Eltz, according to his statement, was going about 60 miles an hour when Rebert's car came alongside. Knowing there was a curve ahead, Eltz slowed. The Rebert car did not appear to slow, but "cut back in front of me."

**BROTHER TESTIFIES**

According to Eltz's statement he saw the Rebert car then slide off the road and the back end hit a tree. The car swerved and

Also burned was some siding which had been scheduled to be placed on the side of the barn and in the meantime had been stored in the barn.

The loss was estimated at \$2,500. A pony normally kept in the barn was out on pasture when the fire occurred. Cause of the blaze not immediately determined.

Firemen said there was no water available for some distance from the blazing structure. They used water in the tanks of the engines and then Robert Snyder moved a sprayer loaded with water to the scene to wet down the smoldering ruins from time to time.

## 71 Aboard U.S. Air Transport Plane Are Killed In Crash At Manila Today

A/2C Andrew J. Topper, son of Mr. and Mrs. Paul H. Topper, McSherrystown, who spent a leave recently with his parents, was scheduled to go to Manila sometime during the past week. He is said to have reported to Travis AFB last Friday.

### By CARL ZIMMERMAN

MANILA (AP) — A U.S. military jet transport plane crashed and burned tonight during a rainstorm at Clark Air Force Base north of Manila. The U.S. Air Force said 71 of 83 persons aboard the plane were killed.

An Air Force spokesman said wreckage was strewn over a wide area of the strategic base, a relay point for supplies to the U.S. forces in South Viet Nam.

The spokesman said the plane, a C135 jet carrying 73 passengers and a crew of 10, broke up and burned less than a half mile from the runway.

### PLANE LEFT SUNDAY

The plane left Travis Air Force Base, Calif., Sunday and had stopped at Hickam Field in Hawaii.

The injured were taken to a hospital. "The present confirmed count is 12 survivors," the spokesman said.

In Japan, a spokesman for the U.S. 5th Air Force said he had been informed by Clark Field that the plane carried "military passengers," and he interpreted this to mean no dependents

### of military personnel were aboard.

The four-jet transport capable of carrying 126 persons crashed at about 7:15 p.m. Manila time, in a level, unobstructed area of dirt and grass, the spokesman said.

### NO DISTRESS SIGN

There was no sign of distress before the crash, and the plane "just didn't make the runway," he added.

Most of the 12 survivors were "in pretty bad shape," he said.

The spokesman could not say which service most of the passengers were from — Air Force, Army or Navy. He also could not say whether the plane was bound for another destination after landing at Clark.

Clark Field, about 60 miles north of Manila, is the main U.S. base in Southeast Asia. It is headquarters of the 13th Air Force, and serves as a principal shuttlepoint for supplying American forces in South Viet Nam.

The plane was attached to the 44th Air Transport Squadron of Travis Air Force Base. A spokesman there said it left the base at 9 a.m. Pacific Time for the Philippines, and stopped at Hickam, in Hawaii.

Earlier in the day two Philippine air force jets crashed at Base base in central Luzon island. The pilot of one plane was killed but the pilot of the other parachuted to safety.

## LEFLER GIVEN UP TO 6 YEARS FOR FORGERY

The Adams County court Saturday gave Larry Lefler, Fairfield R. 2, a one- to six-year sentence on charges of forgery and conspiracy on which he previously had been given an indeterminate sentence in 1961.

The action possibly will give Lefler a chance for parole from the indeterminate sentence, part of which he served three years ago.

According to the records, Lefler, then a youth, was sentenced to an indeterminate time in White Hill on the forgery and conspiracy charge. He was paroled, and then later arrested on another charge. As a result of the second arrest his parole on the original case was revoked. Since he had become too old for White Hill, he was transferred to Rockview Penitentiary.

### PLEADED GUILTY

Lefler then asked a writ of habeas corpus claiming his constitutional rights were violated in connection with the bad check charge in that he did not have counsel. The court agreed to the habeas corpus and directed that Lefler be returned here for a trial on the case since he had not previously had a trial, being sentenced after pleading guilty.

Lefler, however, told the court that he was guilty of the charge and signed a new plea of guilty. The court then observed that it could not put him on parole because he was under the state parole board jurisdiction and sentenced him to the one- to six-year sentence and directed that all time Lefler has served be credited to him with the hope that the matter can come before the state parole board for action.

## TWO ON TRIAL IN AUTO DEATHS LAST NOV. 28

Trial began this morning in Adams County court of Richard M. Rebert, 19, Hanover, on charges of involuntary manslaughter and drag racing and of Philip E. Eltz, 18, Hanover, charged with drag racing.

The three charges are being heard simultaneously because they arise from the Thanksgiving Day death of two Hanover boys on the Mt. Pleasant Rd. less than a mile south of McSherrystown.

State Policeman Edwin P. Karr read into the record this morning a statement which he said he wrote and Eltz signed, which quotes Eltz as saying that Rebert mentioned his car alongside Rebert's vehicle, then invited him to take part in a drag race, "and I said okay."

Officer Karr said Eltz made the statement in the McSherrystown police office about 5:30 on the afternoon of November 28, three hours after the fatal accident in which Eltz's younger brother, Calvin Joseph Eltz, 17, and Gary Lee Forry, 21, Hanover, were fatally injured. Four other occupants of the car were injured in the accident.

According to the Eltz statement, as read by Karr, Eltz, who had his brother, Michael, and three others in his auto, was driving from McSherrystown to Mt. Pleasant, when Rebert, who was driving the car ahead, slowed and motioned Eltz to pull alongside his vehicle. When the two cars came alongside Eltz's vehicle, Eltz pulled ahead. When the other car had passed, Rebert pulled his car alongside Eltz's vehicle. Eltz, according to his statement, was going about 60 miles an hour when Rebert's car came alongside. Knowing there was a curve ahead, Eltz slowed. The Rebert car did not appear to slow, but "cut back in front of me."

### BROTHER TESTIFIES

According to Eltz's statement he saw the Rebert car then slide off the road and the back end hit a tree. The car swerved and

# SEEK TO FREE 144 RIGHTISTS

MEDIA, Pa. (AP)—Attorneys arranged to appear in Delaware County Courthouse today with appeal papers for 144 persons convicted of violating city ordinances in demonstrations protesting de facto school segregation in Chester.

Most of the 144 were arrested at the height of the racial disturbances in Chester on April 22 and 23.

Most were fined \$300 on charges of disorderly conduct and \$50 on conviction of failure to obey police demands. If unable to pay fines, they face jail terms totaling 40 days.

The last 23 of those held in the temporary prison in a county courthouse garage annex in Media were released Saturday.

Meanwhile, the Rev. Clayton K. Hewett, white Episcopal minister who is fasting in protest against the arrests of the demonstrators, was listed in satisfactory condition at Chester Hospital after being freed on his own recognizance.

He was arrested in Chester on charges of unlawful assembly and affray and disorderly conduct. He was lodged in the county courthouse garage annex and later transferred to Chester Hospital.

A hospital spokesman said the Rev. Mr. Hewett, rector of the Church of Atonement in nearby Morton, would take only water, juices and vitamins. His fast is now in its 16th day.

The Rev. Mr. Hewett said he would not eat again until Gov. Scranton "admits there has been police brutality and talks to the people who were beaten."

# Companies On Hand For Fire

About 1 p.m. Saturday, the Parkville Fire Company sent four firemen to the property of James Helwig, Bankert Rd., about two miles south of Hanover. Helwig had requested fire department supervision of his burning of lumber from buildings that had been torn down, and a number of trees that had been cut down.

Somewhat later the winds rose and the fire started to get out of control, so firemen asked for more help from their headquarters. Twenty-five men and two fire trucks were sent to the scene. One truck was a new 12,000-gallon capacity tanker which had just been put into service. It was the first actual service for the truck, which was donated by the Aero Oil Company.

The fire burned to nearby fields and sparks set fire to other piles of lumber, but nearby buildings were kept from danger. It was 5:30 p.m. before the firemen had the blaze under control. Only grass and old lumber were burned.

## SEEK TO FREE 144 RIGHTISTS

MEDIA, Pa. (AP)—Attorneys arranged to appear in Delaware County Courthouse today with appeal papers for 144 persons convicted of violating city ordinances in demonstrations protesting de facto school segregation in Chester.

Most of the 144 were arrested at the height of the racial disturbances in Chester on April 22 and 23.

Most were fined \$300 on charges of disorderly conduct and \$50 on conviction of failure to obey police demands. If unable to pay fines, they face jail terms totaling 40 days.

The last 23 of those held in the temporary prison in a county courthouse garage annex in Media were released Saturday.

Meanwhile, the Rev. Clayton K. Hewitt, white Episcopalian minister who is fasting in protest against the arrests of the demonstrators, was listed in satisfactory condition at Chester Hospital after being freed on his own recognizance.

He was arrested in Chester on charges of unlawful assembly and affray and disorderly conduct. He was lodged in the county courthouse garage annex and later transferred to Chester Hospital.

A hospital spokesman said the Rev. Mr. Hewitt, rector of the Church of Atonement in nearby Morton, would take only water, juices and vitamins. His fast is now in its 16th day.

The Rev. Mr. Hewitt had said he would not eat again until Gov. Scranton "admits there has been police brutality and talks to the people who were beaten."

## Companies On Hand For Fire

About 1 p.m. Saturday, the Parkville Fire Company sent four firemen to the property of James Helwig, Bankert Rd., about two miles south of Hanover. Helwig had requested fire department supervision of his burning of lumber from buildings that had been torn down, and a number of trees that had been cut down.

Somewhat later the winds rose and the fire started to get out of control, so firemen asked for more help from their headquarters. Twenty-five men and two fire trucks were sent to the scene. One truck was a new 12,000-gallon capacity tanker which had just been put into service. It was the first actual service for the truck, which was donated by the Aero Oil Company.

The fire burned to nearby fields and sparks set fire to other piles of lumber, but nearby buildings were kept from danger. It was 5:30 p.m. before the firemen had the blaze under control. Only grass and old lumber were burned.

## Letter To The Editor

May 9, 1964

Mr. Paul L. Roy, Editor  
Gettysburg Times  
Gettysburg, Pa.

Dear Sir:

It is beyond comprehension that the Borough of Gettysburg, which in recent years condemned unsanitary garbage dumps, would sanction the disposal of borough sewage on an open field on Oak Ridge, on the borough watershed.

And even more incomprehensible is the fact that the National Park Service, which jealously seeks to guard its domain from damaging encroachments supposedly in the public interest, would permit such a malodorous assault on this same public (resident and visiting) by allowing the sewage disposal on government property adjacent to the Peace Memorial!

This obnoxious practice is in its fourth day here, on the Winebrenner farm, although residents had been led to believe it would be stopped today and the refuse plowed under.

As residents in the vicinity of this nauseous dump we strongly protest. But even viewed objectively we cannot understand how this tourist-oriented community, which strives so ceaselessly to create an attractive public image, can condone such an offensive operation.

Also, heavy rains this week-end could precipitate a too rapid run-off of this residue into a nearby rivulet which feeds into Marsh Creek just above the borough's impounding dam — an unappetizing thought.

While we know from experience that planning and zoning are anathema to Gettysburg and its adjacent townships, here is an urgent problem which certainly requires a long range solution, especially when the advent of a U.S. dam project in the south end of the county will doubtless cut off the already undesirable usage of Rock Creek for sewage disposal purposes.

Yours truly,  
Althea J. Schildknecht

"but that's strictly because Vince himself never takes a vacation and this time he's thinking of doing a movie."

"He's an amazing man. Boundless energy." The record proves her out. In a few years he has made his mark not only on television but also in the movies and in the recording field. Then last year he spent his vacation doing a personal appearance at Las Vegas.

## TYPICAL WEEK

But obviously, Alice herself is no slouch-at work.

In a sense she has a new freshman class to instruct every Monday.

"It's not just a matter of teaching actors how to be doctors in this whole different world of what to touch, what not to touch. Patients have to be coached too. In fact that cheerful Wilfred Hyde-Whyte boomed at me that I'd overdone it . . . you make me feel as that I really have the disease," he accused.

Sam Jaffee and his wife Betty Ackerman — "wonderful people and like Vince and Harry Landers pretty accustomed to what's required. All the regulars are. Sam, though, after going over his script very carefully also checks abbreviations. He's not going before the camera demanding a CBC unless he knows that what he's asking for is a complete blood count."

"I've been hoping, by the way, that the writers more and more would follow Dr. Zorbar on his rounds."

Her work with the writers doesn't start with blue-penciling a finished script. "I sometimes take them on field trips to Los Angeles County Hospital where I trained. It has no private wing, but otherwise with 3,000 beds on 54 acres of land it is like the hospital in our series. I also go back there and research every 'illness' we portray."

## QUESTIONS ANSWERED

"Who were the best doctors among the actors? Harry Guardino, who needed only one briefing and he was perfect, and Mark Richman, who knew what to do before I told him. Seems he's trained as a pharmacist, but I didn't know until later."

"What are the personality differences between Vince Edwards and Ben Casey. Heavens, they're both so complex I wouldn't begin to know. Obviously Vince was a natural for the role. But he has something that doesn't show through in Casey, a sense of humor."

"Vince certainly works as hard. Though when I consulted with him on an episode he was also directing he shrugged off the double load saying, 'Look, I've got it easier than most directors we use. After all, I don't have to hunt around for my star. I know where he is all the time!'"

## RED MANIKINS MORE LURING THAN STYLES

GENOA, Italy (AP) — It's just possible that the Soviet manikins attracted more attention than the Soviet fashions in three weeks of a Russian style show here.

Fashion conscious Italian women in the audience called the furs exquisite, the leather good, the dress materials fair—and the styles outmoded.

But neither men nor women in the audience had any criticism of the Russian girls who did the modeling—except that they would be unlikely to get a modeling job for any Western European fashion house.

## PRETTY FARMERS

They wore no makeup. They bloomed with vigorous good health. They didn't look like movie stars, but like the girl on the next farm or in the next apartment house.

Above all, most of them were a great deal more shapely than the slinky types who do the modeling for fashion houses in the west. Their figures leave little room for criticism.

Knees showed in some of the afternoon dresses, even though most of the models were a little

more below the knee than current Italian style allows.

Furs got most of the attention of the Italian women viewers. There were full length astrakans, Eskimo hooded white arctic fox, and short capes.

## CASH FOR FURS

Women who asked were told that an astrakan in Russia costs \$1,100. But that would be cash on the line. "Such furs are not sold on installment," a spokesman explained. "Not at those prices, anyway. On installments you can buy synthetic furs which cost considerably less."

Many of the styles shown were based on regional folk costumes, some of them clearly out of the Russian czarist era. There were elaborate evenings gowns with an Indian sari effect. One costume had tight-fitting trousers tucked into quarter-length boots and covered over with a three-quarter length sports coat.

## KNEE SHOW

Fur hats were common but lacking in novelty. Fine leather boots which have swept Western Europe the past two winters were worn with skirt and blouse combinations, sports outfits and almost everything except evening gowns.

Peasant costumes abounded and many of these, as well as some of the more ordinary daywear, had skirts hiked up to show as much knee as you can see these days on Rome's Via Veneto or Paris' Champs Elysees.

## Indians Criticize "Pale" Drinkers

FORT WASHAKIE, Wyo. (AP) — Palefaces' drinking too much water may force closing of Ray Lake to residents outside the Wind River Indian Reservation.

Maurice Fishencord, chief of the Indian police, said drinking white men had littered the lake with so many floating beer cans it is a hazard to water skiing Indians.

He said if the white men can't hold their liquor any better, the Indians will have to close the lake to non-Indians.

## KEYNOTER

Fred W. Friendly, one time partner of Edward R. Murrow, and now CBS News president was keynote speaker for the 13th annual convention of American Women in Radio and Television in Tulsa, Okla.

## OUTRANKED

Buddy Ebsen of "Beverly Hills" met his wife in 1945 when he was in the Navy and she in the Coast Guard. He got his lieutenant senior grade status "just enough before the wedding to outrank her."

The first three engravers in the United States were Paul Revere, Benjamin Franklin and Isaiah Thomas, who distinguished himself at the Battle of Lexington.

## 9-WEEK FILMING

Doris Ann, manager of NBC's religious programs, is enroute to the Middle East with a television unit to produce a one-hour film on archeology and the Bible for the Southern Baptist Hour.

Total shooting time is estimated at nine weeks. The resulting 60-minute study will be shown in May, 1965.

According to the network the as yet untitled program "will survey the remains of great civilizations of antiquity: Persian, Babylonian, Assyrian, Sumerian, Egyptian, Israelite and Greek."

## RECORD

Arnold Moss, who will chose and commentate car races for ABC's "Wide World of Sports" has won more important road events than any other drive (194 out of the 466 he entered).

## INTERNATIONAL FAVORITE

Jackie Gleason's show was awarded the Golden Rose of Montreaux at the International Television Festival in Switzerland.

## SHADY SIDE

Doris Ann, NBC producer now on location in the cloudless Middle East, always takes her umbrella along, "to hold over the camera in the scalding hot sun."

### 5 DIE IN FLOOD

One month before his graduation, he lost his parents, a brother and sister and a grandmother in the Johnstown flood. He continued his studies at the Mount receiving his master's degree in 1892 and his priestly studies in 1894. He was ordained for the Diocese of Pittsburgh in the college chapel by Bishop McGovern of Harrisburg in June of 1894.

He was assigned to the Church of Saint Mary, Sharpsburg, Pa., where he served until February 22, 1896, when he was recalled to the faculty of Mt. St. Mary's. He was elected to membership on the College Council in 1897.

### STUDIED ABROAD

With the exception of the years, 1898-1901, Father Coad has spent his adult life on the campus of the Mount. During this three-year period, he studied in Athens, Greece. He is a scholar of varied interests. He has specialized in classical languages, ancient history and church history. He also served for a time as professor of moral theology in the seminary.

Although recognized as a master of the teaching profession with a wealth of wisdom, illustration and anecdote, he has declined all honors. He is loved by his students and has become a legend on the campus of the college and seminary.

### Mt. Etna Resumes Its Flow Of Lava

CATANIA, Sicily (AP)—A new lava flow poured down the west slope of Mt. Etna today in a resumption of an eruption which started three days ago.

Lava flow from the great central crater of Europe's tallest volcano had stopped Sunday after the stream of molten rock had flowed nearly five miles down the mountain to the outlying orchards of the 20,000-population town of Bronte.

from the lavatory as the McNamara motorcade passed, they said.

### OTHER SUSPECTS

Curious aspects of the incident prompted questions by some Western sources. They questioned why the wire had been laid two days in advance, thereby increasing the risk of discovery.

Others suggested opponents of Khanh may have been trying to scare off McNamara rather than assassinate him. One of the defense secretary's objectives is to strengthen the Khanh regime.

Khanh's opponents received a rebuke Sunday from the Buddhist Association of South Vietnam in a declaration of support for the strongman-premier.

U.S. Secretary of State Dean Rusk opened a diplomatic drive for Western support for the South Vietnamese government on his arrival in the Hague Sunday for the meeting of foreign ministers of the North Atlantic Treaty Organization. The initial response was not encouraging.

## TWO ON TRIAL

hit another tree. Eltz said he turned his car around and went back to the first house and had the people there call for an ambulance.

Thomas Carbaugh, Conewago Twp. police chief, testified he was with Karr when the statement was made by Eltz. He said the state policeman wrote the statement down while Eltz was talking, and then read the statement to Eltz after which the youth signed the paper.

Officer Karr testified that when he arrived at the scene the demolished Robert car was at the side of the road, with its front end off the road, and about three or four feet of the rear end of the vehicle still on the highway. He said he measured skid marks leading to the wrecked vehicle. The skid marks, he said, extended 170 feet until they came to a tree, then "twisted around" 27 feet until they came to a second tree, then continued on 21 feet to a culvert.

Michael Eltz, 15, Hanover, brother of Philip Eltz, testified the group in the two cars had been at Delone High School and then went to "The Bucket" (Strausbaugh's Restaurant), after which they drove out the Mt. Pleasant Rd. He testified the two cars halted side by side. Michael Eltz then said "someone" in the Robert car called, "Do you want to run one off?" He said his brother drove off slowly and did not race at any time. He said he believed the car was going about 40 or 50 miles an hour. When the Robert car passed, he said, his brother slowed down.

**TOLD TO "SLOW DOWN"**  
Kay Meckley, 16, 513 North St., McSherrystown, said she heard someone call from Robert's car when the two vehicles were side by side but did not know what was said. She testified she later told "Phil to slow down."

## DR. VEREIDE SPEAKS HERE

Dr. Abraham Vereide, Washington, D. C., spoke to the weekly meeting of the prayer and fellowship group at the Lamp Post Tea Room Saturday morning. Dr. Vereide is executive director and founder of international Christian leadership which is a movement whose purpose is to promote the gathering together of local, state, national and international leaders in fellowship groups, to study the Bible and to pray together and endeavor to assert their positions as Christians in daily life.

Dr. Vereide founded the ICL movement in 1935 in Seattle, Wash., and the idea has spread around the world. Today nearly every governor in the country holds an annual governor's prayer breakfast and many cities are now having mayor's prayer breakfasts as a result of this movement.

Since 1942 there have been President's prayer breakfasts each year, attended by the President and top government officials. Weekly prayer groups meet in the nation's capitol building.

The local prayer breakfast is held each Saturday morning at 7 a.m. in the Lamp Post Tea Room and all men of Adams County, regardless of their faith, are invited to attend.

## FOUR INJURED IN ACCIDENT

Four persons were injured in a head-on crash in Hanover at 8:08 p.m. Saturday, and a car involved caught fire and threatened a service station.

Hanover police said Clair Geeting, 49, Hanover R. 1, was driving east on Third St. in his pickup truck and drove into the center lane to make a left turn.

Richard Topper, 20, of Hanover, was driving west on High St. "at a high rate of speed," police said, cutting the curve sharply in the wrong lane, and struck the Geeting truck head on.

The Topper car continued about 45 feet and hit a car parked beside a gasoline pump. Earl E. Gorman, New Oxford R. 1, was in the car when it was hit. A wheel from the Topper car also scraped the side of a car in front of the service station door, and the Topper vehicle then caught fire.

Topper and his two passengers were taken to the Hanover Hospital. With Topper were Donald Miller, 20, of Hanover, and Francis C. Keffer, 20, of 24 N. Fourth St., McSherrystown. The fire company service truck took Geeting to the hospital.

Most seriously injured was Topper with a compound skull fracture and undetermined internal injuries. Keffer was in fair condition with severe bruise burns of the back, cuts, bruises and lost teeth. Miller was treated for bruises and cuts and was discharged. Geeting was admitted with a bump on the head, a left knee injury, and he complained of a pain in his left side.

## GLENN KLINE'S BARN BURNS, FIRES WOODS

A barn owned by Glenn L.  
Kline, Gardeners R. 2, on the  
Peach Glen - Georgetown Rd.,  
was destroyed by fire Sunday  
afternoon.

Bendersville firemen said the  
blaze, on a property tenanted  
by Kermit Shultz, set fire to  
adjoining woodland and four  
acres of woods were burned over  
before the fire could be brought  
to a halt. Firemen were at the  
scene about 2 1/2 hours.

Bendersville and Aspers fire-  
men, the Bendersville forest  
fire crew headed by Charles  
Bretzman and the Biglerville  
Fire Company water tank truck  
were called to extinguish the  
blaze.

## SPREADS TO WOODS

Heavy winds blew the flames  
towards the woods, setting  
them afire, and away from the  
house, thus preventing the  
spread of the fire to the home  
nearby.

Those at the scene were able  
to remove a tractor from the  
burning barn but a cultivator  
and other equipment used with  
the tractor, three tons of baled  
hay and straw, a mower and a  
number of other small pieces  
of equipment in the barn were  
destroyed. Also burned was  
some siding which had been  
scheduled to be placed on the  
side of the barn and in the  
meantime had been stored in  
the barn.

The loss was estimated at  
\$2,500. A pony normally kept in  
the barn was out on pasture  
when the fire occurred. Cause  
of the blaze not immediately  
determined.

Firemen said there was no  
water available for some dis-  
tance from the blazing struc-  
ture. They used water in the  
tanks of the engines and then  
Robert Snyder moved a sprayer  
loaded with water to the scene  
to wet down the smoldering  
ruins from time to time.

## 71 Aboard U.S. Air Transport Plane Are Killed In Crash At Manila Today

A/2C Andrew J. Topper, son of Mr. and  
Mrs. Paul H. Topper, McSherrystown, who  
spent a leave recently with his parents,  
was scheduled to go to Manila sometime  
during the past week. He is said to have  
reported to Travis AFB last Friday.

By CARL ZIMMERMAN

MANILA (AP) — A U.S. military jet  
transport plane crashed and burned  
tonight during a rainstorm at Clark  
Air Force Base north of Manila. The  
U.S. Air Force said 71 of 83 persons  
aboard the plane were killed.

An Air Force spokesman said wreck-  
age was strewn over a wide area of the  
strategic base, a relay point for sup-  
plies to the U.S. forces in South Viet  
Nam.

The spokesman said the plane, a  
C135 jet carrying 73 passengers and a  
crew of 10, broke up and burned less  
than a half mile from the runway.

## PLANE LEFT SUNDAY

The plane left Travis Air Force  
Base, Calif., Sunday and had stopped  
at Hickam Field in Hawaii.

The injured were taken to a hospital.  
"The present confirmed count is 12  
survivors," the spokesman said.

In Japan, a spokesman for the U.S.  
5th Air Force said he had been in-  
formed by Clark Field that the plane  
carried "military passengers," and he  
interpreted this to mean no dependents

of military personnel were aboard.

The four-jet transport capable of  
carrying 126 persons crashed at about  
7:15 p.m. Manila time, in a level, un-  
obstructed area of dirt and grass, the  
spokesman said.

## NO DISTRESS SIGN

There was no sign of distress before  
the crash, and the plane "just didn't  
make the runway," he added.

Most of the 12 survivors were "in  
pretty bad shape," he said.

The spokesman could not say which  
service most of the passengers were  
from — Air Force, Army or Navy. He  
also could not say whether the plane  
was bound for another destination  
after landing at Clark.

Clark Field, about 60 miles north of  
Manila, is the main U.S. base in South-  
east Asia. It is headquarters of the  
13th Air Force, and serves as a principal  
shuttlepoint for supplying Ameri-  
can forces in South Viet Nam.

The plane was attached to the 44th  
Air Transport Squadron of Travis Air  
Force Base. A spokesman there said  
it left the base at 9 a.m. Pacific Time  
for the Philippines, and stopped at  
Hickam, in Hawaii.

Earlier in the day two Philippine  
air force jets crashed at Basa base in  
central Luzon Island. The pilot of one  
plane was killed but the pilot of the  
other parachuted to safety.

## LEFLER GIVEN UP TO 6 YEARS FOR FORGERY

The Adams County court Sat-  
urday gave Larry Lefler, Fair-  
field R. 2, a one- to six-year  
sentence on charges of forgery  
and conspiracy on which he  
previously had been given an  
indeterminate sentence in 1961.

The action possibly will give  
Lefler a chance for parole from the  
indeterminate sentence, part  
of which he served three  
years ago.

According to the records, Lef-  
ler, then a youth, was sentenced  
to an indeterminate time in  
White Hill on the forgery and  
conspiracy charge. He was pa-  
roled, and then later arrested on  
another charge. As a result of the  
second arrest his parole on the  
original case was revoked.  
Since he had become too old  
for White Hill, he was trans-  
ferred to Rockview Penitenti-  
ary.

## PLEADED GUILTY

Lefler then asked a writ of  
habeas corpus claiming his con-  
stitutional rights were violated  
in connection with the bad  
check charge in that he did not  
have counsel. The court agreed  
to the habeas corpus and direct-  
ed that Lefler be returned here  
for a trial on the case since he  
had not previously had a trial,  
being sentenced after pleading  
guilty.

Lefler, however, told the  
court that he was guilty of the  
charge and signed a new plea  
of guilty. The court then ob-  
served that it could not put him  
on parole because he was under  
the state parole board jurisdic-  
tion and sentenced him to the  
one- to six-year sentence and  
directed that all time Lefler  
has served be credited to him  
with the hope that the matter  
can come before the state pa-  
role board for action.

## Fined For Placing Signs Illegally

An employee of a circus en-  
route to York for an engage-  
ment there did too good a job

According to the officers, the  
signs were placed on utility  
poles, state highway signs and  
various other places between

were also placed.

## TWO ON TRIAL IN AUTO DEATHS LAST NOV. 28

Trial began this morning in  
Adams County court of Richard  
M. Rebert, 19, Hanover, on  
charges of involuntary man-  
slaughter and drag racing and  
of Philip E. Eltz, 18, Hanover,  
charged with drag racing.

The three charges are being  
heard simultaneously because  
they arise from the Thanksgiving  
Day death of two Hanover  
boys on the Mt. Pleasant Rd.  
less than a mile south of Mc-  
Sherrystown.

State Policeman Edwin P.  
Karr read into the record this  
morning a statement which he  
said he wrote and Eltz signed,  
which quotes Eltz as saying that  
Rebert mentioned his car along-  
side Rebert's vehicle, then in-  
vited him to take part in a  
drag race, "and I said okay."

Officer Karr said Eltz made  
the statement in the McSherr-  
ystown police office about 5:30  
on the afternoon of November  
28, three hours after the fatal  
accident in which Eltz's young-  
er brother, Calvin Joseph Eltz,  
17, and Gary Lee Forry, 21,  
Hanover, were fatally injured.  
Four other occupants of the  
car were injured in the acci-  
dent.

According to the Eltz state-  
ment, as read by Karr, Eltz,  
who had his brother, Michael,  
and three others in his auto,  
was driving from McSherrys-  
town to Mt. Pleasant, when  
Rebert, who was driving the  
car ahead, slowed and motioned  
Eltz to pull alongside his ve-  
hicle. When the two cars came  
alongside the challenge to a  
drag race was made. Another  
car appeared and Eltz pulled  
ahead. When the other car had  
passed, Rebert pulled his car  
alongside Eltz's vehicle. Eltz,  
according to his statement, was  
going about 60 miles an hour  
when Rebert's car came along-  
side. Knowing there was a  
curve ahead, Eltz slowed. The  
Rebert car did not appear to  
slow, but "cut back in front  
of me."

## BROTHER TESTIFIES

According to Eltz's statement  
he saw the Rebert car then slide  
off the road and the back end  
hit a tree. The car swerved and

From the Files of the  
Star and Sentinel and  
The Gettysburg Times

### ONE HUNDRED YEARS AGO

The First National Bank of Gettysburg has received its currency and is now ready for operation. The Bank of Gettysburg has declared a dividend of eight per cent, free of all tax, which indicates the safety of their financial affairs.

Another Celebration At Gettysburg: A proposition has already been made to celebrate the first anniversary of the battle and victory of Gettysburg on the Fourth of July next, on which occasion it is also proposed to lay the corner stone of a grand monument to the memory of the gallant dead. The subject will be finally settled at an early meeting of the State Commissioners having in charge the construction of the National Cemetery.

Word Wanted: Andrew Wine-miller, idiotic, escaped from the Alms House of Adams county about six weeks ago, since which he has not been heard of, though every effort has been made to discover his whereabouts. His age is probably between 40 and 45 years and his height say 5 feet 8 inches. When he left he had on a high-crowned black hat, a dark colored roundabout and drab colored pants. He does not speak English and when asked where he is going, almost invariably answers "to Kink-rick's." He has a down look when spoken to. Any person giving information as to where he may be found will receive the thanks of JACOB CULP, Steward.

Why are ladies the biggest thieves in existence? Because they steal the petticoats, bone the stays and crib the babies.

A dish washing machine is the last invention. It will wash anything, wash knives and fork sws tithoughtnet ewtti and forsw without wetting the handles. There are so many inventions being introduced into the kitchen for saving labor that by and by Bridget will have nothing to do but to keep the machines from going to destruction by neglect and receiving her wages.

### SEVENTY-FIVE YEARS AGO

New Truck: The Gettysburg Steam Fire Co. No. 1 received their handsome new hook and ladder truck last week and preceded by the Grand Army band hauled it to the engine house, making a handsome street parade. The longest ladder is 40 feet and will reach the top story of any house in town. The truck was accepted by the Company. The foreman, G. W. Stallsmith, applied the usual test which proved satisfactory. It was purchased from Holloway, Baltimore, who was very courteous in his treatment of the committee, and the W.M.R.R. generously delivered it here freight free.

It is said the toll gate near Two Taverns will be moved to near Littlestown.

Mr. Luther W. Minnigh of this place has issued a guide book to the battlefield entitled "The Battlefield of Gettysburg, How to See and Understand it." It is a pamphlet of valuable information in relation to the battle and also contains an explanatory map and the official roster of both armies. We believe it will become one of our most popular guidebooks.

Improvements: The Eagle Hotel and annex are being repainted. Samuel L. Johns, one of the enterprising business men of McSherrytown, has commenced the erection of several

## Today's Talk

### STANDARDIZED PEOPLE

Our forefathers had great respect for their hands. They did the bidding of creative and independent minds. The result: Homes built by them a hundred, or more years ago still stand, and what they made with their hands we now treasure as "antiques." Handmade things live, somehow or other.

Today most of us live with standardized things about us, and standardized people, as well. People who take upon themselves the worries, vices, ways of life, and unromantic vacations of others that keep them afloat, but which give to them no distinction. Uncaring people are the standardized ones.

There is a great deal of difference between the ready-made suit of clothes and the one expertly made to the measure of the one ordering it from his tailor. That suit by the tailor takes upon itself something of the personality of the one for whom it is intended. It even helps to make the man stand apart.

Leaders are never selected from standardized folks, but from those rare few who stand apart, separate, and often alone. People meet them and say that they are different. They are different. They are themselves. Neither in themselves nor in their outward appearance do they carry borrowed ideas or things. People gather about them, in public and in private, to pay just tribute to courage and independence.

When anyone tells us of the "type" of so and so, it ought to disturb us. There have been written thousands of autobiographies, but none like that which Montaigne wrote. Why? Well, first, because Montaigne was Montaigne, and so he wrote the truth about himself as he was, with no speculation in mind as to whether posterity would be interested in him or not. But, then, honest things live.

Dr. Samuel Johnson wasn't standardized. He was a heavyweight in a notable century. He stood out. So do all people who seek for self expression. Incentive, the will to do, and an unflinching purpose will distinguish anyone.

Is this one panel much too strong,  
Irreverent or obscene?

Expressed themselves no doubt,  
But it isn't vulgar or refined  
And what's it all about?

Some tell me here's a work of art  
While others scoff and sneer,  
In groups the people draw apart  
To criticize or cheer.  
One calls these murals splendid things  
Of mastery and skill,  
Another calls them brutal flings  
Of hatred and ill-will.

I know that hungry people plead  
For food from day to day,  
That round about us want and need  
Their cruel fangs display;  
That problems weighty more and more  
Beset us one and all  
And I've no time to quarrel o'er  
Some pictures on a wall.

Oh, whether they be right or wrong,  
The truth or cruel jest,  
I'm sure that elsewhere I belong  
In such a time of test.  
I'd rather thought to suffering give  
Than join such hue and cry,  
Since what is good I know will live  
And what is bad will die.

### Arab World Is Backed By Red

CAIRO (AP)—Soviet Premier Khrushchev gave his support to the Arab world today in its opposition to diversion of the Jordan River waters by Israel. Speaking to the United Arab Republic's one-party National Assembly, Khrushchev said Israel planned to "rob the Arab world of its own water."

Khrushchev called on Israel to implement U.N. resolutions on Palestine, which would reduce Israel's present frontiers.

The assembly rose en masse in boisterous cheering at Khrushchev's new declaration of support for the Arabs.

The Israelis have announced that some time this summer they will begin diverting waters of the Jordan to irrigate the Negev Desert. The Arabs have threatened counter action to cut off the headquarters of the Jordan.

### Couple Strips For Reception

DELRAY BEACH, Fla. (AP)—Charles and Sissy Morrow, who were wed in the nude, dressed for their honeymoon. Charles, 23, a Miami sailor, and his bride, 16, interrupted their wedding trip Sunday to hold an ice cream and cake, clothes-off reception "for friends only."

John Dawson, nudist camp operator and father of the bride, said, "We couldn't hold a reception on the wedding day because all their friends were afraid of publicity."

Still wearing their wedding attire — a veil for her, a sultan for him — the couple stood in a receiving line to smile for more than 100 guests.

Dawson wouldn't say where they were going on their wedding trip.

Some 200 guests — all nude — attended the ceremony Saturday at Dawson's nudist lodge.

### WILL CONTEST VOTE COUNT

PHILADELPHIA (AP)—The supporters of Genevieve Blatt say they are prepared to challenge many of the absentee ballots in Philadelphia and Scranton from the Pennsylvania primary election last April 28, convinced "there were many irregularities in the securing and casting" of the votes.

Both cities are Democratic organization strongholds which gave big majorities to State Supreme Court Justice Michael A. Musmanno in his contest with Miss Blatt for the Democratic nomination for U.S. Senate.

Miss Blatt, state secretary of internal affairs, holds a lead of 3,338 votes today as the counties continue an official tally of the vote, including absentee ballots.

Miss Blatt's lead was based on official returns from 27 counties—21 including the absentee count—and the unofficial count from the remainder of the state. There is no official estimate of the number of absentee ballots returned, but an Associated Press survey indicated that at least 9,000 were sent out.

Michael J. Byrne, coordinator of Miss Blatt's primary campaign, said lawyer volunteers have checked out more than half the persons who voted by civilian ballots in Philadelphia and "we are convinced there were many irregularities in the securing and casting of these ballots."

### Crowd Urged Man To "Jump, Jump"

NEW YORK (AP)—A man who threatened to jump into the East River Sunday from a cable of the Brooklyn Bridge was encouraged by bystanders who shouted "Jump, jump," police reported.

Deputy Chief Inspector William McCarthy said about 100 persons gathered as Jose Manguan, 26, climbed the cable after telling a pedestrian he had troubles. He gave the pedestrian his wallet, ring and watch.

Police ordered pedestrians to leave the bridge and brought a loudspeaker to the scene. Manguan was finally talked into coming down by the Rev. James Conroy of Loyola University at Scrub Oak, N.Y., and was taken to Bellevue Hospital for observation.

the "just and reasonable" demands of local populations for the evacuation of these and all other foreign bases, the Soviet leader said.

"The presence of foreign armies is the source of danger, tension and disputes between countries," Khrushchev added.

### RUSK URGES CYPRUS PEACE

THE HAGUE, the Netherlands (AP)—U.S. Secretary of State Dean Rusk urged Greece and Turkey today to come to terms quickly over Cyprus.

Rusk met first with Greek Foreign Minister Stravos Kostopoulos, then with Turkish Foreign Minister Feridun Erkin at the U.S. Embassy. In both talks, Rusk warned that clashes between the Greek and Turkish communities in Cyprus could disrupt Allied unity on Europe's southeastern flank.

Sen. J. W. Fulbright, D-Ark., who is in Europe as a personal envoy of President Johnson, is due here Tuesday to bolster the U.S. plea. Fulbright has just visited both Greece and Turkey to deliver personal messages from the President to the leaders of those two countries.

Just how Fulbright will figure in the picture here was uncertain. Also here is Adlai E. Stevenson, U.S. ambassador to the United Nations, who is a member of the American delegation to the ministerial conference of the North Atlantic Treaty Organization.

The NATO conference gets under way Tuesday morning.

# SEEK TO FREE 144 RIGHTISTS

MEDIA, Pa. (AP)—Attorneys arranged to appear in Delaware County Courthouse today with appeal papers for 144 persons convicted of violating city ordinances in demonstrations protesting de facto school segregation in Chester.

Most of the 144 were arrested at the height of the racial disturbances in Chester on April 22 and 23.

Most were fined \$300 on charges of disorderly conduct and \$50 on conviction of failure to obey police demands. If unable to pay fines, they face jail terms totaling 40 days.

The last 23 of those held in the temporary prison in a county courthouse garage annex in Media were released Saturday.

Meanwhile, the Rev. Clayton K. Hewett, white Episcopalian minister who is fasting in protest against the arrests of the demonstrators, was listed in satisfactory condition at Chester Hospital after being freed on his own recognizance.

He was arrested in Chester on charges of unlawful assembly and affray and disorderly conduct. He was lodged in the county courthouse garage annex and later transferred to Chester Hospital.

A hospital spokesman said the Rev. Mr. Hewett, rector of the Church of Atonement in nearby Morton, would take only water, juices and vitamins. His fast is now in its 16th day.

The Rev. Mr. Hewett had said he would not eat again until Gov. Scranton "admits there has been police brutality and talks to the people who were beaten."

## Companies On Hand For Fire

About 1 p.m. Saturday, the Parkville Fire Company sent four firemen to the property of James Helwig, Bankert Rd., about two miles south of Hanover. Helwig had requested fire department supervision of his burning of lumber from buildings that had been torn down, and a number of trees that had been cut down.

Somewhat later the winds rose and the fire started to get out of control, so firemen asked for more help from their headquarters. Twenty-five men and two fire trucks were sent to the scene. One truck was a new 12,000-gallon capacity tanker which had just been put into service. It was the first actual service for the truck, which was donated by the Aero Oil Company.

The fire burned to nearby fields and sparks set fire to other piles of lumber, but nearby buildings were kept from danger. It was 5:30 p.m. before the firemen had the blaze under control. Only grass and old lumber were burned.

"READY AND WILLING"

Be ready for the rain to fall... you will find the sun... prepare for showers and you'll see... a rainbow when they're done... go forth, have faith within your heart... however rough the way... faith is a fort that can withstand... the torments of dismay... it's those who always try to shun... the duties of this life... who seem to get more than their share... of worry and of strife... whereas the ones who face the world... with hope and fervent prayer... gain blessings and a peace of mind... which is extremely rare... be willing to accept the worst... and obligations meet... if you're ready for the bitter... you are sure to find the sweet.

from the lavatory as the McNamara motorcade passed, they said.

### OTHER SUSPECTS

Curious aspects of the incident prompted questions by some Western sources. They questioned why the wire had been laid two days in advance, thereby increasing the risk of discovery.

Others suggested opponents of Khrushchev may have been trying to scare off McNamara rather than assassinate him. One of the defense secretary's objectives is to strengthen the Khrushchev regime.

Khrushchev's opponents received a rebuke Sunday from the Buddhist Association of South Vietnam in a declaration of support for the strongman-premier.

U.S. Secretary of State Dean Rusk opened a diplomatic drive for Western support for the South Vietnamese government on his arrival in the Hague Sunday for the meeting of foreign ministers of the North Atlantic Treaty Organization. The initial response was not encouraging.

hit another tree. Eltz said he turned his car around and went back to the first house and had the people there call for an ambulance.

Thomas Carbaugh, Conewago Twp. police chief, testified he was with Karr when the statement was made by Eltz. He said the state policeman wrote the statement down while Eltz was talking, and then read the statement to Eltz after which the youth signed the paper.

Officer Karr testified that when he arrived at the scene the demolished Rebert car was at the side of the road, with its front end off the road, and about three or four feet of the rear end of the vehicle still on the highway. He said he measured skid marks leading to the wrecked vehicle. The skid marks, he said, extended 170 feet until they came to a tree, then "twisted around" 37 feet until they came to a second tree, then continued on 21 feet to a culvert.

Michael Eltz, 15, Hanover, brother of Philip Eltz, testified the group in the two cars had been at Delone High School and then went to "The Bucket" (Strausbaugh's restaurant), after which they drove out the Mt. Pleasant Rd. He testified the two cars halted side by side. Michael Eltz then said "someone" in the Rebert car called, "Do you want to run one off?" He said his brother drove off slowly and did not race at any time. He said he believed the car was going about 40 or 50 miles an hour. When the Rebert car passed, he said, his brother slowed down.

### TOLD TO "SLOW DOWN"

Kay Meckley, 16, 513 North St., McSherrystown, said she heard someone call from Rebert's car when the two vehicles were side by side but did not know what was said. She testified she later told "Phil to slow down."

The jury hearing the case includes Earl W. Crum, Biglerville; Allen L. Currens, Fairfield R. 1; Paul O. Diehl, Biglerville R. 1; Mrs. Anna B. Drach, 257 E. Middle St.; Robert B. Foth, Gettysburg R. 2; Mrs. Miriam Hoke, Abbotstown; Lester Hoover, Abbotstown; Mrs. Maybelle Klundt, York Springs R. 2; Ruth L. Orner, Biglerville R. 2; Harry M. Small, Cashtown; Helen D. ## DR. VEREIDE SPEAKS HERE

Dr. Abraham Vereide, Washington, D. C., spoke to the weekly meeting of the prayer and fellowship group at the Lamp Post Tea Room Saturday morning. Dr. Vereide is executive director and founder of International Christian leadership which is a movement whose purpose is to promote the gathering together of local, state, national and international leaders in fellowship groups, to study the Bible and to pray together and endeavor to assert their positions as Christians in daily life.

Dr. Vereide founded the ICL movement in 1935 in Seattle, Wash., and the idea has spread around the world. Today nearly every governor in the country holds an annual governor's prayer breakfast and many cities are now having mayor's prayer breakfasts as a result of this movement.

Since 1942 there have been President's prayer breakfasts each year, attended by the President and top government officials. Weekly prayer groups meet in the nation's capitol buildings.

The local prayer breakfast is held each Saturday morning at 7 a.m. in the Lamp Post Tea Room and all men of Adams County, regardless of their faith, are invited to attend.

# Schoolboy Baseball Star Overcomes Crippled Hand To Become Mound Star

By BOB FLANAGAN  
Lewistown Sentinel

LEWISTOWN, Pa. (AP) — Most high school baseball teams have a pitching ace and he's either a strong right-hander or an ace left-hander.

Barry Reinard of Lewistown-Granville is a right-left-hander.

The 17-year-old junior from this Central Pennsylvania town was born with only a small thumb on his left hand and four stubs where his fingers should be.

He's one of the top pitchers in the Tri-Valley Baseball League as the Panthers battle for Northern Division honors.

In his first four games, Reinard pitched 23 1-3 innings, allowing just 15 hits and four earned runs for an ERA of 1.14.

He has struck out 26 and allowed only seven bases on balls. He has 2 wins with no defeats.

**SWITCHES BATTING**

As a hitter he changed from a right-handed batter this year to a left-hander and as a result hasn't had a hit in eight times at bat. He has struck out twice and has two runs batted in with sacrifices.

When Barry winds up, he balances the right-handed glove on his small thumb and as soon as he lets go of the pitch he switches the glove to his right hand.

Harold Warntz, his coach in Little League, is perhaps one of the big factors in his fast switch.

"When Barry started pitching as soon as he let go of the ball, I had another ready to fire right back at him and I never could do it fast enough to catch him without a glove," Warntz explained.

Barry started pitching in 1957 after several years as an outfielder. Two years later he narrowly missed a perfect game. After retiring 17 straight batters, his teammates committed four errors and he lost the game 2-1. Still it was a no-hitter.

In the championship game of that year he fired a one-hitter and collected two hits to pace his team to a 2-1 victory.

When at bat, Barry holds the end of the bat tightly with his right hand and again uses the end of his left arm as a balance.

He hit only two home runs in his life — one in Little League, the other in Sunday School League for boys from 13 to 16 years of age. One of the hits went 250 feet—not bad for a boy with one hand.

**FIELDING NO PROBLEM**

Fielding bunts is no problem for the youngster either. He fields the ball with his glove and in the same motion throws the mitt to the side and lets go with his leg.

In his two years in the Little League his over-all record as a hurler was 18-4 including his no-hitter and the one-hit championship game.

Barry says he has three pitches. One is what he calls a straight ball, not fast, but his opposition will differ with him. He also boasts a curve and a drop.

Reinard is the son of Mr. and Mrs. Howard Reinard of Lewistown and says, "I would like to be a state policeman after high school but I doubt if I can because of this hand. I hope I can but if not I'll have to try something else."

His high school baseball coach Harry Johnston, remarks, "This boy is always in there trying and he will put out 100 per cent to win."

Reinard is the son of Mr. and Mrs. Howard Reinard of Lewistown and says, "I would like to be a state policeman after high school but I doubt if I can because of this hand. I hope I can but if not I'll have to try something else."

# MOVIE STUDIOS TO BE BUSY ON TV NEXT FALL

By BOB THOMAS  
HOLLYWOOD (AP) — The 1964-65 television season shapes up as a healthy one for the movie studios, which can scarcely survive on feature film alone.

Television production helps absorb massive overhead costs and keep crews busy between pictures.

Fox, after dragging along with no series on the networks, has placed four full hours on next season's schedules.

**FOX AND WARNER**

One is a tried-and-true "Daniel Boone," which will put Fess Parker back in a conkskin cap. The others are based on old Fox movies—"Voyage to the Bottom of the Sea," "12 O'Clock High" and "Peyton Place." The latter will be an innovation: Separate half-hours played on ABC Tuesday and Thursday nights.

Warner Bros. also is staging a comeback after being blanked last year, except for the short-run "77 Sunset Strip." The Burbank lot will return with two half-hour comedies, "No Time for Sergeants" and "Wendy and Me."

Revue, the television arm of the MCA-Universal-Decca combine, remains the giant in the field, scoring 12 shows against this season's nine. They range from "The Virginian" to the new "90 Bristol Court," which will consist of three consecutive half-hours concerning tenants of an apartment building.

**MANY OTHER FILMS**

MGM is holding strong with "Dr. Kildare" and "Mr. Novak" while adding "Solo," "Flipper" and "Many Happy Returns." Screen Gems, which is related to Columbia Pictures, also has a healthy schedule with repeaters "Hazel," "Donna Reed," "Farmer's Daughter" and "Flintstones," plus "Bewitched" and another cartoon show from the Hanna-Barbera factory, "Johnny Quest."

United Artists operates the same in television as in features: Financing but not producing. Its series for next season will be holdovers "The Fugitive," "Patty Duke" and "Outer Limits" with a new comedy half-hour, "Gilligan's Island."

Independent Desilu will have only one show next year — the one starring its president, Lucille Ball. Four Star will return with "Burke's Law" and add "The Rogues," starring the firm's cofounders, David Niven and Charles Boyer, plus Gig Young.

**CROSBY AN INDEPENDENT**

Bing Crosby shapes up as a rising independent. He'll have his own half-hour comedy, plus "Ben Casey" and "Slattery's People."

Danny Thomas is dropping his own weekly outing for six specials, but Danny and partner Sheldon Leonard will field the Dick Van Dyke, Bill Dana, Andy Griffith and Walter Brennan shows, and they also have interests in "My Favorite Martian" and "Gomer Pyle, U.S.M.C."

# A Lovelier You

By MARY SUE MILLER  
RIGHT GIRL, WRONG MAKE-UP. A lovely asks: What should I do about my make-up? My foundation streaks and my powder disappears, soon after application.

The Answer: When foundation streaks, you are either using the wrong type for your skin or making overly heavy applications. Foundations, spiked with oils, are bound to puddle on an oily skin. They are intended for dry and normal complexions.

Bases for an oily skin contain powder suspended in a nonoily fluid or cake. Both formulations can be found in matte, cream, liquid and cake versions. In addition, there are medicated foundations for the coverage and treatment of blemishes and excessive oil.

However, a base may be ideally suited to your skin and still streak. The cause, then, would have to be put down to improper application methods. For a smooth finish, a base has to be applied in an even film and left to set before powdering. It is better to apply two thin coats of base than a heavy one, if denser coverage is desired. It is useless to apply powder, unless the base beneath is dry.

Powder does a disappearing act when applied over either damp or mistakenly chosen base. Staying power is also conditioned by the weight of a powder-light to heavy. Heavier weights cling best to oily skin.

# AGED NEGRESS DISAPPOINTED; DID NOT SEE LBJ

MAXEYS, Ga. (AP) — A smiling Negro woman who thinks she is somewhere between 80 and 100 kicked off her shoes, settled down on an apple box on the porch of an abandoned shack and waited.

She wanted to see a president in her lifetime and she had heard President Johnson was on the way.

But the President abandoned plans for a visit Friday after speaking in Gainesville some 80 miles from this community of 250 persons in rolling hill country.

The Negro woman, Creasie Gresham, was among several hundred people who waited patiently — some of them for hours — only to be disappointed.

**OLD THRILL**

The last bit of excitement for Mrs. Gresham, who for the sake of convenience says she's 87, came 30 years ago when she went to Memphis, Tenn., to visit some relatives.

The word had gone out that the President would visit what is believed to be the old Johnson homestead about four miles from Maxeys. It was also thought he would look at a graveyard where some of his ancestors are reported to be buried.

The people came from miles around, traveling the dusty roads in the hot sun. Many of them stood in a pasture where it was thought the presidential helicopter might land.

Finally a Secret Service man received a telephone call with the news that the President was flying back to Atlanta from Gainesville and then on to Washington.

From the Files of the

The Gettysburg Times

### ONE HUNDRED YEARS AGO

The First National Bank of Gettysburg has received its currency and is now ready for operation. The Bank of Gettysburg has declared a dividend of eight per cent, free of all tax, which indicates the safety of their financial affairs.

**Another Celebration At Gettysburg:** A proposition has already been made to celebrate the first anniversary of the battle and victory of Gettysburg on the Fourth of July next, on which occasion it is also proposed to lay the corner stone of a grand monument to the memory of the gallant dead. The subject will be finally settled at an early meeting of the State Commissioners having in charge the construction of the National Cemetery.

**Word Wanted:** Andrew Wine-miller, idiotic, escaped from the Alms House of Adams county about six weeks ago, since which he has not been heard of, though every effort has been made to discover his whereabouts. His age is probably between 40 and 45 years and his height say 5 feet 8 inches. When he left he had on a high-crowned black hat, a dark colored roundabout and drab colored pants. He does not speak English and when asked where he is going, almost invariably answers "to Kink-rich's." He has a down look when spoken to. Any person giving information as to where he may be found will receive the thanks of JACOB CULP, Steward.

**Why are ladies the biggest thieves in existence?** Because they steal the petticoats, bone the stays and crib the babies.

**A dish washing machine** is the last invention. It will among other things, wash knives and fork sw throughtout ewtli and forks without wetting the handles. There are so many inventions being introduced into the kitchen for saving labor that by and by Bridget will have nothing to do but to keep the machines from going to destruction by neglect and receiving her wages.

### SEVENTY-FIVE YEARS AGO

**New Truck:** The Gettysburg Steam Fire Co. No. 1 received their handsome new hook and ladder truck last week and preceded by the Grand Army band hauled it to the engine house, making a handsome street parade. The longest ladder is 40 feet and will reach the top story of any house in town. The truck was accepted by the Company. The foreman, G. W. Stallsmith, applied the usual test which proved satisfactory. It was purchased from Holloway, Baltimore, who was very courteous in his treatment of the committee, and the W.M.R.R. generously delivered it here freight free.

**It is said the toll gate** near Two Taverns will be moved to near Littlestown.

**Mr. Luther W. Minnigh** of this place has issued a guide book to the battlefield entitled "The Battlefield of Gettysburg, How to See and Understand it." It is a pamphlet of valuable information in relation to the battle and also contains an explanatory map and the official roster of both armies. We believe it will become one of our most popular guidebooks.

**Improvements:** The Eagle Hotel and annex are being repainted. Samuel L. Johns, one of the enterprising business men of McSherrytown, has commenced the erection of several

## Today's Talk

### STANDARDIZED PEOPLE

Our forefathers had great respect for their hands. They did the bidding of creative and independent minds. The result: Homes built by them a hundred, or more years ago still stand, and what they made with their hands we now treasure as "antiques." Handmade things live, somehow or other.

Today most of us live with standardized things about us, and standardized people, as well. People who take upon themselves the worries, vices, ways of life, and unromantic vacations of others that keep them afloat, but which give to them no distinction. Uncaring people are the standardized ones.

There is a great deal of difference between the ready-made suit of clothes and the one expertly made to the measure of the one ordering it from his tailor. That suit by the tailor takes upon itself something of the personality of the one for whom it is intended. It even helps to make the man stand apart.

Leaders are never selected from standardized folks, but from those rare few who stand apart, separate, and often alone. People meet them and say that they are different. They are different. They are themselves. Neither in themselves nor in their outward appearance do they carry borrowed ideas or things. People gather about them, in public and in private, to pay just tribute to courage and independence.

When anyone tells us we are the "type" of so and so, it ought to disturb us. There have been written thousands of autobiographies, but none like that which Montaigne wrote. Why? Well, first, because Montaigne was Montaigne, and so he wrote the truth about himself as he was, with no speculation in mind as to whether posterity would be interested in him or not. But, then, honest things live.

Dr. Samuel Johnson wasn't standardized. He was a heavyweight in a notable century. He stood out. So do all people who seek for self expression. Incentive, the will to do, and an unflinching purpose will distinguish anyone.

NERO FIDDLER

And is it right or is it wrong?  
Did this or that he mean?

Is this one panel much too strong,  
Irreverent or obscene?

The artist's bush, the artist's mind  
Expressed themselves no doubt,

But it isn't vulgar or refined  
And what's it all about?

Some tell me here's a work of art  
While others scoff and sneer,  
In groups the people draw apart  
To criticize or cheer.

One calls these murals splendid things  
Of mastery and skill,  
Another calls them brutal flings  
Of hatred and ill-will.

I know that hungry people plead  
For food from day to day,  
That round about us want and need  
Their cruel fangs display;

That problems weighty more and more  
Beset us one and all  
And I've no time to quarrel o'er  
Some pictures on a wall.

Oh, whether they be right or wrong,  
The truth or cruel jest,  
I'm sure that elsewhere I belong  
In such a time of test.

I'd rather thought to suffering give  
Than join such hue and cry,  
Since what is good I know will live  
And what is bad will die.

## CONFERENCE ON MATERIALS

"Charity Begins at Home" was the subject of the sermon delivered by the Rev. William C. Karns, pastor, at the Sunday morning worship service in St. John's Lutheran Church. He read the epistle lesson from 1 Peter 4:7-11 and the gospel from John 15:26-16:4. A duet was sung by Mrs. Fred W. King and Mrs. Kenneth Shandbrook. The ushers were Elmer C. Coppersmith, Paul F. Bolter, W. E. Mackley and Gene R. Remmer. The altar flowers were placed in memory of Mr. and Mrs. Charles Spangler by their son-in-law and daughter, Mr. and Mrs. Edgar H. DeGroff.

In preparation for using the new Sunday School material of the Lutheran Church in the fall, all Junior and Adult Department teachers are urged to attend a coaching conference at St. Mark's Church, Hanover, on Wednesday evening; the group will leave from the church at 7:15 p.m.

The Senior Choir will rehearse Wednesday at 7:30 p.m. Mr. and Mrs. Kenneth Shandbrook will serve as hosts at the May meeting of the Christian Homemakers Class at 7:30 p.m. on Thursday at the church. Young people over 12 years of age wishing to assist with the Daily Vacation Bible School are asked to contact Pastor Karns. For the convenience of parents with small children a supervised nursery is conducted each Sunday during the worship.

Paul E. King, general superintendent of the Sunday School, presented an appropriate Mother's Day message in the Adult Department of the Sunday School Sunday. Edgar A. Wolfe was leader and read the scripture. Pastor Karns offered prayer. The program was in charge of the Men's Bible Class.

### PLAN FAMILY NIGHT SUPPER

The second year confirmation class of St. Paul's Lutheran Church will bring its studies to a close this week and will be received into membership at 10:30 a.m. worship service next Sunday. The class will be robed and will sit in a body during the service. The confirmands will receive their first Communion at the 10:30 a.m. service on May 24.

A congregational family night covered dish dinner will be held next Sunday at 6 p.m. in the church social hall. This will be held in honor of all new members who joined the church since last October. Each family is asked to bring a covered dish.

It was announced that persons wishing to take an American Field Service student in their home from July 6-9 should sign one of the bulletin boards.

The first year catechetical class will meet at 3:40 p.m. on Thursday; Junior Choir rehearsal at 6:30 p.m., and Senior Choir rehearsal at 7:30 p.m.

### Arab World Is Backed By Red

CAIRO (AP)—Soviet Premier Khrushchev gave his support to the Arab world today in its opposition to diversion of the Jordan River waters by Israel.

Speaking to the United Arab Republic's one-party National Assembly, Khrushchev said Israel planned to "rob the Arab world of its own water."

Khrushchev called on Israel to implement U.N. resolutions on Palestine, which would reduce Israel's present frontiers.

The assembly rose en masse in boisterous cheering at Khrushchev's new declaration of support for the Arabs.

The Israelis have announced that some time this summer they will begin diverting waters of the Jordan to irrigate the Negev Desert. The Arabs have threatened counter action to cut off the headquarters of the Jordan.

The 70-year-old premier also assailed British occupation of military bases in Cyprus and Aden. His government supports

the "just and reasonable" demands of local populations for the evacuation of these and all other foreign bases, the Soviet leader said.

"The presence of foreign armies is the source of danger, tension and disputes between countries," Khrushchev added.

### WILL CONTEST VOTE COUNT

DELRAY BEACH, Fla. (AP)—Charles and Sissy Morrow, who were wed in the nude, dressed for their honeymoon.

Charles, 23, a Miami sailor, and his bride, 16, interrupted their wedding trip Sunday to hold an ice cream and cake, clothes-off reception "for friends only."

John Dawson, nudist camp operator and father of the bride, said, "We couldn't hold a reception on the wedding day because all their friends were afraid of publicity."

Still wearing their wedding attire — a veil for her, a sultan for him — the couple stood in a receiving line to smile for more than 100 guests.

Dawson wouldn't say where they were going on their wedding trip.

Some 200 guests — all nude — attended the ceremony Saturday at Dawson's nudist lodge.

**PHILADELPHIA (AP)** — The supporters of Genevieve Blatt say they are prepared to challenge many of the absentee ballots in Philadelphia and Scranton from the Pennsylvania primary election last April 28, convinced "there were many irregularities in the securing and casting" of the votes.

Both cities are Democratic organization strongholds which gave big majorities to State Supreme Court Justice Michael A. Musmanno in his contest with Miss Blatt for the Democratic nomination for U.S. Senate.

Miss Blatt, state secretary of internal affairs, holds a lead of 3,338 votes today as the counties continue an official tally of the vote, including absentee ballots.

Miss Blatt's lead was based on official returns from 27 counties — 21 including the absentee count — and the unofficial count from the remainder of the state.

There is no official estimate of the number of absentee ballots returned, but an Associated Press survey indicated that at least 9,000 were sent out.

Michael J. Byrne, coordinator of Miss Blatt's primary campaign, said lawyer volunteers have checked out more than half the persons who voted by civilian ballots in Philadelphia and "we are convinced there were many irregularities in the securing and casting of these ballots."

**Broadway Musical Star Passes Away**  
NEW YORK (AP) — Carol Haney, the Broadway musical star, died Sunday night in a hospital here.

Miss Haney, 39, was a singer, dancer and choreographer. The cause of death was not learned immediately.

Miss Haney was taken from her home at Saddle River, N.J., to Valley Hospital in Ridgewood, N.J., on Thursday. Later that day she was transferred by ambulance to the New York hospital.

Born on Christmas Eve in 1924 in New Bedford, Mass., Miss Haney was married to actor Larry Bylden. She had three children.

## Hubby To Be Boss, They Agree Before Ceremony

BALTIMORE (AP)—A Pennsylvania couple was married in suburban Towson this week after agreeing in writing that the husband would be the boss in the family.

A three-page, notarized premarital agreement was executed by William T. Metzger, 35, of Camp Hill, Pa., and Theresa S. Balough, 35, of Harrisburg, Pa., and filed with the Baltimore County circuit clerk.

The wife pledged to "love, honor and obey" the husband in the dominant role of directing major decisions affecting the family welfare.

### "IN EVENT OF CONFLICT"

"In event of conflict," the agreement said, "such differences are to be discussed for their logical and emotional implications and solutions reached and acted upon with final authority with the husband."

The bride agreed to assume responsibilities of "cooking, washing, sewing and other areas tending to contribute to a happy home life." The husband agreed to help when necessary and "the acts of earning an income will so permit."

### MENTIONS DIVORCE

The couple also agreed to: —Permit themselves separate vacations each year, but limited to a week's duration unless otherwise agreed verbally.

—Raise any children with the "emotional, intellectual and philosophical influences" of the father.

—Present to a mutually acceptable marriage counselor any conflict which produces problems without a satisfactory solution.

—Sue any "third party" or relative who might tend to destroy the marriage.

—Provide that a divorce can be obtained only by "mutual consent" and not through any other grounds generally recognized in courts of law.

## COURT BALKS RAIL STRIKE

CHICAGO (AP) — A shaky peace was restored to the nation's railroads Sunday night as the sixth walkout by railroad workers since Thursday came to an end.

A federal court injunction obtained Sunday in Chicago halted a work stoppage on the Pennsylvania Railroad.

The stoppage, called a wildcat strike by management, began Saturday night when 40 men reported sick. About 120 more called in sick Sunday.

The Pennsylvania walkout followed a 7-hour, 20-minute strike by firemen against the New York Central in Mattoon, Ill. The men returned to work following telegrams from union officials advising them that their walkout was unauthorized.

Four other brief strikes on Thursday—the day the railroads put into effect an arbitration ruling eliminating hundreds of firemen's jobs—followed the same pattern.

The strikes were flareups in the five-year dispute between the rail lines and the operating unions about work rules and what management calls featherbedding.

## The POWER of FAITH By WOODI ISHMAEL

Dr. Syoerd L. Bonting is a scientist whose faith not only has led him to search for answers in the biochemical field for the betterment of mankind, but for a better understanding of the words of God in relation to the words of science.

A native of Holland, Dr. Bonting came to the United States in 1952. He has always been confronted with the serious business of being a Christian and a scientist, and he saw his particular task two ways; first, "to understand the meaning of being a scientist in terms of Christian faith," and second, "to make more up to date Christians through science." Dr. Bonting felt the need so great that he began to study for ordination in the Episcopal Church in 1957 while continuing his research as a scientist. He became a priest last January.

Today Dr. Bonting is working to relate his two fields. During the week he tails as a biochemist, and on weekends he is curate at St. Luke's Episcopal Church in Bethesda, Md. He says, "The scientist is called to use God's gifts of our intelligence and our senses to deepen man's insight into God's creation and to utilize it better for man's purpose."

## FIGHTING ON CYPRUS DIMS

By THOMAS A. REEDY

NICOSIA, Cyprus (AP) — The fighting between the Greek and Turkish Cypriots appears to have settled down into a sitzkrieg which at least is sparing lives.

Swift, sharp forays by Greek and Turkish Cypriots into each other's territory since the Christmas eruption of the civil conflict have been replaced by sporadic shooting, mostly at night.

Seven thousand U.N. soldiers from Britain, Canada, Ireland, Sweden and Finland, with small units of civil police from cooperating countries, are planted in the major trouble spots on the island.

Roving patrols flying the U.N. flag jump quickly into flareups and put out the fires before they become full-scale blazes. One result is that casualty lists, which total more than 300 dead, 500 to 600 wounded and several hundred missing, now are increased by only an occasional one dead or one or two wounded.

The United Nations does not pretend its activity has reduced the tension. But top officers say they are satisfied that at least the combat is contained to fixed positions.

Most of the island has settled into an uneasy peace.

## PARATROOPER CLAIMS 7 NEW WORLD MARKS

MINNEAPOLIS (AP) — A

young ex-paratrooper who soared to 37,000 feet under a small plastic balloon returned to earth with a claim of seven world altitude records and a recollection of extreme quiet.

In his little gondola seven miles high, said Tracy Barnes, 25, there was an "unusual feeling of absolute quiet, absolute stillness."

Barnes said Sunday's flight was successful in all respects, and he suffered nothing worse than a slight headache.

His journey in a three-by-four foot plastic gondola lashed to a 30-foot high balloon filled with hydrogen began at 5:15 a.m., at an airport 12 miles south of Minneapolis. It ended at 7:30 a.m. in a clover field near Mondovi, Wis., 80 miles southeast.

### EYED RED MARK

The polyethylene balloon was fabricated by Barnes at his barn workshop in Long Lake, Minn. His home is in nearby Orono.

Barnes' goal was to smash the 1940 record of 23,286 feet set by the Soviet Union's Boris Nevernov in a small 3A balloon. Barnes' 3A balloon broke that mark, he said, and also six records for larger balloons. These were a 1936 mark of 35,607 feet set by I. J. Burzinski of Poland and five chalked up by Don Piccard of Sioux Falls, S.D., in 1961, at 34,462 feet.

### Next Sunday's Games

New Oxford at Littlestown.  
Arendtsville at Harney.  
Bonneauville at Mummasburg.  
Cashtown at McSherrystown.  
Brushtown at Taneytown.

A triple play turned in by Arendtsville while blanking Mummasburg 10-0 highlighted the opening of the South Penn Baseball League Sunday afternoon as all teams opened their campaigns.

In the second inning Mummasburg had runners on first and second when G. White grounded to Cline. Cline got Breighner going to second base and threw to first base to retire White. Meanwhile E. White attempted to score from second base and was out on a throw from Hess to D. Hartzel at home to complete the triple play.

New Oxford, smashing over 12 runs in the fifth inning, got off on the right foot by clubbing invading Harney 21-1. Ron Weigle tossed the first six innings for the winners and received credit for the victory. Dan Sanders finished up and did not allow a hit while striking out the side in the ninth. John Bevenour and John Dutera each rapped four hits for the winners.

Weigle pined three and two of the latter's being doubles.

Littlestown scored three times in the top of the seventh to nip Brushtown 4-3 on the latter's field as Brushtown errors proved costly. Bob Weaver and R. Roth led their respective teams with three hits each.

Taneytown topped Cashtown 3-1 in a well-played game at Cashtown.

McSherrystown outslugged Bonneauville for an 8-5 verdict at Bonneauville.

# Schoolboy Baseball Star Overcomes Crippled Hand To Become Mound Star

By BOB FLANAGAN  
Lewistown Sentinel  
LEWISTOWN, Pa. (AP) — Most high school baseball teams have a pitching ace and he's either a strong right-hander or an ace left-hander.  
Barry Reinard of Lewistown-Granville is a right-left-hander.  
The 17-year-old junior from this Central Pennsylvania town was born with only a small thumb on his left hand and four stubs where his fingers should be.  
He's one of the top pitchers in the Tri-Valley Baseball League as the Panthers battle for Northern Division honors.  
In his first four games, Reinard pitched 23 1-3 innings, allowing just 15 hits and four earned runs for an ERA of 1.14.  
He has struck out 26 and allowed only seven bases on balls. He has 2 wins with no defeats.  
**SWITCHES BATTING**  
As a hitter he changed from a right-handed batter this year to a left-hander and as a result hasn't had a hit in eight times at bat. He has struck out twice and has two runs batted in with sacrifices.  
When Barry winds up, he balances the right-handed glove on his small thumb and as soon as he lets go of the pitch he switches the glove to his right hand.  
Harold Warntz, his coach in Little League, is perhaps one of the big factors in his fast switch.  
"When Barry started pitching as soon as he let go of the ball, I had another ready to fire right back at him and I never could do it fast enough to catch him without a glove," Warntz explained.  
Barry started pitching in 1957 after several years as an outfielder. Two years later he narrowly missed a perfect game. After retiring 17 straight batters, his teammates committed four errors and he lost the game 2-1. Still it was a no-hitter.  
In the championship game of that year he fired a one-hitter and collected two hits to pace his team to a 28-1 victory.  
When at bat, Barry holds the end of the bat tightly with his right hand and again uses the end of his left arm as a balance.  
He hit only two home runs in his life — one in Little League, the other in Sunday School League for boys from 13 to 16 years of age. One of the hits went 250 feet—not bad for a boy with one hand.

# MOVIE STUDIOS TO BE BUSY ON TV NEXT FALL

By BOB THOMAS  
HOLLYWOOD (AP) — The 1964-65 television season shapes up as a healthy one for the movie studios, which can scarcely survive on feature filming alone.  
Television production helps absorb massive overhead costs and keep crews busy between pictures.  
Fox, after dragging along with no series on the networks, has placed four full hours on next season's schedules.  
**FOX AND WARNER**  
One is a tried-and-true "Daniel Boone," which will put Fess Parker back in a coonskin cap. The others are based on old Fox movies—"Voyage to the Bottom of the Sea," "12 O'clock High" and "Peyton Place." The latter will be an innovation: Separate half-hours played on ABC Tuesday and Thursday nights.  
Warner Bros. also is staging a comeback after being blanked last year, except for the short-run "77 Sunset Strip." The Burbank lot will return with two half-hour comedies, "No Time for Sergeants" and "Wendy and Me."  
Revue, the television arm of the MCA-Universal-Decca combine, remains the giant in the field, scoring 12 shows against this season's nine. They range from "The Virginian" to the new "90 Bristol Court," which will consist of three consecutive half-hours concerning tenants of an apartment building.  
**MANY OTHER FILMS**  
MGM is holding strong with "Dr. Kildare" and "Mr. Novak" while adding "Solo," "Flipper" and "Many Happy Returns." Screen Gems, which is related to Columbia Pictures, also has a healthy schedule with repeaters "Hazel," "Donna Reed," "Farmer's Daughter" and "Flintstones," plus "Bewitched" and another cartoon show from the Hanna-Barbera factory, "Johnny Quest."  
United Artists operates the same in television as in features: Financing but not producing. Its series for next season will be holdovers "The Fugitive," "Patty Duke" and "Outer Limits" with a new comedy, half-hour, "Gulligan's Island."  
Independent Desilu will have only one show next year — the one starring its president, Lucille Ball. Four Star will return with "Burke's Law" and add "The Rogues," starring the firm's cofounders, David Niven and Charles Boyer, plus Gig Young.  
**CROSBY AN INDEPENDENT**  
Bing Crosby shapes up as a rising independent. He'll have his own half-hour comedy, plus "Ben Casey" and "Slattery's People."  
Danny Thomas is dropping his own weekly outing for six specials. But Danny and partner Sheldon Leonard will field the Dick Van Dyke, Bill Dana, Andy Griffith and Walter Brennan shows, and they also have interests in "My Favorite Martian" and "Gomer Pyle, U.S.M.C."

# A Lovelier You

By MARY SUE MILLER  
**RIGHT GIRL, WRONG MAKE-UP.** A lovely asks: What should I do about my make-up? My foundation streaks and my powder disappears, soon after application.  
The Answer: When foundation streaks, you are either using the wrong type for your skin or making overly heavy applications. Foundations, spiked with oils, are bound to puddle on an oily skin. They are intended for dry and normal complexions.  
Bases for an oily skin contain powder suspended in a nonoily fluid or cake. Both formulations can be found in matte, cream, liquid and cake versions. In addition, there are medicated foundations for the coverage and treatment of blemishes and excessive oil.  
However, a base may be ideally suited to your skin and still streak. The cause, then, would have to be put down to improper application methods. For a smooth finish, a base has to be applied in an even film and left to set before powdering. It is better to apply two thin coats of base than a heavy one, if denser coverage is desired. It is useless to apply powder, unless the base beneath is dry.  
Powder does a disappearing act when applied over either damp or mistakenly chosen base. Staying power is also conditioned by the weight of a powder-light to heavy. Heavier weights cling best to oily skin.

# AGED NEGRESS DISAPPOINTED; DID NOT SEE LBJ

MAXEYS, Ga. (AP) — A smiling Negro woman who thinks she is somewhere between 80 and 100 kicked off her shoes, settled down on an apple box on the porch of an abandoned shack and waited.  
She wanted to see a president in her lifetime and she had heard President Johnson was on the way.  
But the President abandoned plans for a visit Friday after speaking in Gainesville some 80 miles from this community of 250 persons in rolling hill country.  
The Negro woman, Creasia Gresham, was among several hundred people who waited patiently—some of them for hours—only to be disappointed.  
**OLD THRILL**  
The last bit of excitement for Mrs. Gresham, who for the sake of convenience says she's 87, came 30 years ago when she went to Memphis, Tenn., to visit some relatives.  
The word had gone out that the President would visit what is believed to be the old Johnson homestead about four miles from Maxeys. It was also thought he would look at a graveyard where some of his ancestors are reported to be buried.  
The people came from miles around, traveling the dusty roads in the hot sun. Many of them stood in a pasture where it was thought the presidential helicopter might land.  
Finally a Secret Service man received a telephone call with the news that the President was flying back to Atlanta from Gainesville and then on to Washington.

## Hubby To Be Boss, They Agree Before Ceremony

BALTIMORE (AP)—A Pennsylvania couple was married in suburban Towson this week after agreeing in writing that the husband would be the boss in the family.

A three-page, notarized premarital agreement was executed by William T. Metzger, 35, of Camp Hill, Pa., and Theresa S. Balough, 35, of Harrisburg, Pa., and filed with the Baltimore County circuit clerk.

The wife pledged to "love, honor and obey" the husband in the dominant role of directing major decisions affecting the family welfare.

"IN EVENT OF CONFLICT" the agreement said, "such differences are to be discussed for their logical and emotional implications and solutions reached and acted upon with final authority with the husband."

The bride agreed to assume responsibilities of "cooking, washing, sewing and other areas tending to contribute to a happy home life." The husband agreed to help when necessary and "the acts of earning an income will so permit."

### MENTIONS DIVORCE

The couple also agreed to: —Permit themselves separate vacations each year, but limited to a week's duration unless otherwise agreed verbally.

—Raise any children with the "emotional, intellectual and philosophical influences" of the father.

—Present to a mutually acceptable marriage counselor any conflict which produces problems without a satisfactory solution.

—Sue any "third party" or relative who might tend to destroy the marriage.

—Provide that a divorce can be obtained only by "mutual consent" and not through any other grounds generally recognized in courts of law.

## COURT BALKS RAIL STRIKE

CHICAGO (AP) — A shaky peace was restored to the nation's railroads Sunday night as the sixth walkout by railroad workers since Thursday came to an end.

A federal court injunction obtained Sunday in Chicago halted a work stoppage on the Pennsylvania Railroad.

The stoppage, called a wildcat strike by management, began Saturday night when 40 men reported sick. About 120 more called in sick Sunday.

The Pennsylvania walkout followed a 7-hour, 20-minute strike by firemen against the New York Central in Mattoon, Ill. The men returned to work following telegrams from union officials advising them that their walkout was unauthorized.

Four other brief strikes on Thursday—the day the railroads put into effect an arbitration ruling eliminating hundreds of firemen's jobs—followed the same pattern.

The strikes were flareups in the five-year dispute between the rail lines and the operating unions about work rules and what management calls featherbedding.

## The POWER of FAITH By WOODI ISHMAEL

Dr. Syoerd L. Bonting is a scientist whose faith not only has led him to search for answers in the biochemical field for the betterment of mankind, but for a better understanding of the words of God in relation to the words of science.

A native of Holland, Dr. Bonting came to the United States in 1952. He has always been confronted with the serious business of being a Christian and a scientist, and he saw his particular task two ways; first, "to understand the meaning of being a scientist in terms of Christian faith," and second, "to make more up to date Christians through science." Dr. Bonting felt the need so great that he began to study for ordination in the Episcopal Church in 1957 while continuing his research as a scientist. He became a priest last January.

Today Dr. Bonting is working to relate his two fields. During the week he toils as a biochemist, and on weekends he is curate at St. Luke's Episcopal Church in Bethesda, Md. He says, "The scientist is called to use God's gifts of our intelligence and our senses to deepen man's insight into God's creation and to utilize it better for man's purpose."

## FIGHTING ON CYPRUS DIMS

**By THOMAS A. REEDY**  
**NICOSIA, Cyprus (AP)** — The fighting between the Greek and Turkish Cypriots appears to have settled down into a silt-krieg which at least is sparing lives.

Swift, sharp forays by Greek and Turkish Cypriots into each other's territory since the Christmas eruption of the civil conflict have been replaced by sporadic shooting, mostly at night.

Seven thousand U.N. soldiers from Britain, Canada, Ireland, Sweden and Finland, with small units of civil police from cooperating countries, are planted in the major trouble spots on the island.

Roving patrols flying the U.N. flag jump quickly into flareups and put out the fires before they become full-scale battles. One result is that casualty lists, which total more than 300 dead, 500 to 600 wounded and several hundred missing, now are increased by only an occasional one dead or one or two wounded.

The United Nations does not pretend its activity has reduced the tension. But top officers say they are satisfied that at least the combat is contained to fixed positions.

Most of the island has settled into an uneasy peace.

## PARATROOPER CLAIMS 7 NEW WORLD MARKS

**MINNEAPOLIS (AP)** — A young ex-paratrooper who soared to 37,000 feet under a small plastic balloon returned to earth with a claim of seven world altitude records and a recollection of extreme quiet.

In his little gondola seven miles high, said Tracy Barnes, 25, there was an "unusual feeling of absolute quiet, absolute stillness."

Barnes said Sunday's flight was successful in all respects, and he suffered nothing worse than a slight headache.

His journey in a three-by-four foot plastic gondola lashed to a 30-foot high balloon filled with hydrogen began at 5:15 a.m., at an airport 12 miles south of Minneapolis. It ended at 7:30 a.m. in a clover field near Mondovi, Wis., 80 miles northeast.

### EYED RED MARK

The polyethylene balloon was fabricated by Barnes at his barn workshop in Long Lake, Minn. His home is in nearby Orono.

Barnes' goal was to smash the 1940 record of 23,286 feet set by the Soviet Union's Boris Nevernov in a small 3A balloon.

Barnes' 3A balloon broke that mark, he said, and also set records for larger balloons. These were a 1936 mark of 35,607 feet set by I. J. Burzinski of Poland and five chalked up by Don Piccard of Sioux Falls, S.D., in 1961, at 34,462 feet.

### DEATHS

**LAC BEAUFORT, Que. (AP)** — The body of Marguerite Moores Marshall, 77, New York novelist, was found Sunday in this wooded resort area north of Quebec City where she had been missing for a week. Police said she apparently died of exhaustion or a heart attack.

**NEW YORK (AP)** — George E. Price, 64, former vaudeville entertainer and Wall Street broker, died Sunday of a heart attack.

**FAIRFAX, Va. (AP)**—Taylor Henry, 54, editor of a weekly newspaper and Associated Press bureau chief in France during World War II, died Sunday of injuries suffered in a traffic accident. Henry was editor of the Potomac News in Dumfries, Va. He served as AP chief of bureau of Vichy, France, and was captured by the Germans.

# Family Of Five Finds Costs At Fair Reasonable

**By FRANCIS STILLEY**  
NEW YORK (AP)—As millions of parents will be in the coming months, Mr. and Mrs. Bob Osborne took their children to the World's Fair a few days ago. They found some costs far too high to suit them but regarded most as reasonable.

The Osbornes and their three children—John, 6; Steven, 5 and Amy, 4—spent a total of \$13.47 during their visit which lasted from late morning to 7:30 p.m.

That included parking and admission charges. The family's largest expense of the day was for souvenir hats for the boys. These were lightweight, Alpine types, sporting tall feathers and the boys' names stitched onto the brim.

**DAD DUMBFOUNDED**  
The price was \$3.12 for the two. Osborne was dumbfounded when he learned the cost. "I thought maybe they would be about 30 cents each," he said.

Mrs. Osborne, an attractive brunette, was equally dismayed but the parents had promised the boys hats in advance and didn't want to disappoint them.

Little Amy settled for a balloon, price 50 cents. It was a double-type balloon, with one representing a bunny inside a larger sphere. The outside balloon got punctured in about an hour. The other lasted about 30 minutes longer. Osborne thought that price "a little steep."

**SAVED AMUSEMENTS**  
The Osbornes live in Summit, N.J. The father, a tall man who is often told he bears a resemblance to Rudy Vallee, is an accountant for the First National City Bank of New York and works at its Manhattan headquarters.

The parents had studied newspaper stories about various costs. In planning their first day they deliberately avoided the amusement section, where rides and shows range from 50 cents to \$3.

They felt it would involve too much expense for the whole family, and they also wanted the children to see as much of the fair as possible.

**SAV STATE PAVILION**  
The Osbornes, who are Roman Catholics, began their day at the fair with a prayer at the Vatican Pavilion and ended it with high praise for the exposition.

After a visit to the New Jersey Pavilion it was lunch time.

To cut down their expenses, they had brought with them five corned beef sandwiches and some apples. They bought four sodas at 15 cents each at an outdoor restaurant and ate on a bench near the Unisphere, symbol of the fair. Young John got a 10-cent package of gumdrops.

**JOHN GOT LOST**  
In the afternoon the family visited the Wisconsin exhibit to see the world's largest piece of cheese—a 174-ton chunk measuring 6½ by 5½ by 14½ feet. They also took rides through the General Motors and Ford Pavilions, which are free.

Approaching the Sinclair Pavilion to see the life-size, animated dinosaurs and other prehistoric animals, John got lost. His parents put in an anxious 10 minutes before they found him strolling about inside the pavilion gazing at the dinosaurs.

The only other expenses were \$1.50 for parking, \$4.65 for admission to the grounds and five ice cream cones at 25 cents each.

**BOUGHT TICKET BOOKS**  
The normal admission price is \$2 for adults and \$1 for children.

However, Osborne had tickets which had been purchased by his bank at a one-third discount before the fair's opening.

Books of tickets now may be purchased at fair gates at a 25 per cent discount.

Afterward, the Osbornes decided they liked the General Motors show the best. Visitors there ride in moving seats through exhibits depicting the world of tomorrow.

**NOT DISAPPOINTED**  
They originally had planned to take the children to Pepsi-Cola's "small world" show, but changed their minds when they learned admission was 95 cents for adults and 60 for children.

Said Mrs. Osborne in summing up the fraction of the fair they saw:

"I think it's marvelous. We've been looking forward to it quite a while and we're not disappointed."

Said her husband:

"It was very exciting. I really loved it. The things we saw I thought were very impressive. As for expenses, I guess you have got to pick and choose. I do feel that people can see it on very little money. You can pay anything you want."

# NEGROES HURL STONES, BRICK IN CAMBRIDGE

CAMBRIDGE, Md. (AP)—Gov. George C. Wallace carries his Maryland presidential primary campaign to this racially divided city today on the heels of a noisy, stone-throwing Negro demonstration Sunday night.

The Alabama Democrat is scheduled to speak tonight to the Dorchester Business and Citizens Association, the group behind the referendum defeat last Oct. 1 of a Cambridge equal accommodations law.

About 50 youthful Negroes paraded singing through the streets of the Negro section Sunday night, tossing firecrackers and stones in apparent protest to the governor's scheduled appearance.

A brick smashed through the window of the home of Edith Jolley, principal of the Negro high school.

**LIKE SPIRITUAL**  
"It was like a Negro spiritual Sunday revival," said the National Guard commander, Maj. Bernard Feingold. "But it was a little late in the evening for it."

Only 10 guardsmen were in town when the outburst occurred, but plans call for increasing the force to 400 today. Guard troops were sent in last June 12 when racial violence resulted in injury to 12 persons. They are still there.

Demonstrations are specifically banned by the modified martial law still in effect, but no arrests were made Sunday night.

Gloria Richardson, Cambridge

# SHORT ACTION SHOW ON TV IS OBSOLETE

**By CYNTHIA LOWRY**  
AP Television-Radio Writer  
NEW YORK (AP)—The half-hour action show, once the most popular television form, is now obsolete.

It told a short story in the most uncomplicated form—the bad guys hijacked the truck or held up the bank. The good guys tracked them down. There was a shootout or fist fight and the good guys won every time.

There was no time for subplots, counterplots or character development. Hollywood turned them out like sausages and they were all over the channels for years until they were replaced by the hour-long action shows.

**STILL ISN'T RIGHT**  
CBS' "Brenner," which moved into the network's lineup Sunday night, is a series of half-hour shows made five or six years ago. Like the original half-hour "Naked City" series, it tried to get away from the stereotyped cops and robbers show and inject some realism.

It did not work out very well then—the series was short-lived—and even today, accustomed as we are to realism and character development, it still isn't right.

Sunday night's episode—one of several never shown before—had a mere suggestion of crime for plot—a planned pier robbery. The story focused on a frightened informer who feared his stool pigeon role had been discovered by the criminals, and on a worried police lieutenant concerned about the man's safety. Except for a brief burst of action at the end, it was slow going.

**BEST FOR RERUNS**  
In sharp contrast was ABC's rerun of one of the most interesting episodes of "Arrest and Trial." It demonstrated that character development, well handled, can be more fascinating than a shootout in a police tale. Roddy McDowall, in a performance that won him an "Emmy" nomination, played masterfully the role of a disturbed young man, at once sentimental poet and arrogant savage killer.

CBS' "The Defenders" on Saturday was also a thoughtful character study—and a rather frightening one at that. It was the story of an ignorant young working man who was involved in a fight with a stranger. The man was killed and turned out to be an important Cuban Communist.

**SUPERIOR SERIES**  
The drama showed how the obscure man reacted when he suddenly became a hero and a cause celebre for super-patriotic groups. He enjoyed the limelight so much he finally convinced himself that he had deliberately committed a patriotic assassination.

"The Defenders" usually is not an ideal television show for the viewer looking for uncomplicated, undisturbing entertainment. It invariably has both point and point of view and sometimes it reaches conclusions that are not as satisfying as having the good guys win or the murderer reveal himself in the courtroom. It is altogether a superior series.

# 5 MURDERED; SUSPECT MAY HAVE DROWNED

BOISE, Idaho (AP)—Five persons, including three children, were found murdered Sunday and police said a 54-year-old Boise man wanted for questioning in the slayings was presumed drowned.

A patrolman spotted a motorist officers believe to be Raymond A. Reasons acting suspiciously and chased his car until it plunged into a canal. The man escaped the vehicle, but police said he apparently was pulled under water in the canal.

Three of the victims were his children, one was a stepdaughter, and the fifth was his former wife whose body was found in the car.

**REPORT MURDERS**  
The search for the bodies began when Mrs. Edna Reasons, the estranged wife of Reasons, told police her husband had called and told her he had killed the children—Eddie Ray Reasons, 13, Pamela, 11, and Patty, 10, and Reasons' stepdaughter, Sally Gohman, about 20. They were found in Reasons' house.

Pulled from the car submerged in the canal was the body of Estelle Reasons, about 47. Her body was wrapped in a blanket and she had been shot in the chest. A rifle was found in the car.

At the Reasons home, police said, a note found near one of the bodies read, "I've hurt them long enough." It was signed "Daddy."

# SMU AND TEXAS GIVEN PENALTY ON RECRUITING

DALLAS (AP) — Officials of the two schools plastered with probation by the Southwest Conference for recruiting violations — Texas and Southern Methodist — pledged strict adherence to the rules today.

Southern Methodist, which drew the severest penalty—two years during which it can not participate in NCAA activity, including bowl games, although allowed to compete for the conference football championship, had terse comment from its president, Dr. Willis Tate, a former SMU football player.

"It is the commitment and policy of Southern Methodist University to comply with the spirit and letter of the regulations of the Southwest Conference," Dr. Tate said. "Any violation by SMU was unintentional and unknown."

**INDEFINITE PROBATION**

"The incidents happened in 1963, and all corrective measures have been taken to assure complete adherence to all regulations."

Southern Methodist was charged with offering special inducements to prospective athletes, excessive financial aid for students already in school, offering financial aid to prospects beyond the legal limit and campus visitations by prospects, financed by alumni and yet unaccompanied by the alumnus (which is required by the rules).

Texas, the national football champion last season, was given an indefinite probation with the privilege of having it removed within one year and was not barred from post-season games. Texas has been in four bowl games in five years.

**MAKING CORRECTIONS**

Coach Darrell Royal said, immediately following the meeting of the conference Saturday, that he already had moved to correct the conditions that brought the Longhorns their penalty.

Texas was penalized for excessive visits to prospective athletes, campus visits by prospective athletes at the expense of but not accompanied by alumni and excessive entertainment of prospective athletes while on the campus.

**CLEVELAND (AP) —** The Cleveland Transit System has threatened to end its special buses for baseball fans this season unless the Cleveland Indians continue underwriting the program.

Donald C. Hyde, CTS general manager, said Sunday he wants to keep the buses running but he expects "to make out-of-pocket costs. It wouldn't be fair to make the other transit passengers pay the cost."

# Eastern League

**By THE ASSOCIATED PRESS**

The booming bats of the Charleston Indians and those friendly home grounds have hoisted them into first place in the Eastern League.

Unloading five hits for five runs after two were out in the first inning, the Indians went on to defeat Williamsport 9-6 Sunday and take over first from Springfield by nine percentage points.

Springfield dropped a pair to York, 6-5 and 8-5, and Elmira defeated Reading 5-0 in other action.

Charleston has a perfect 8-0 home record, and the Indians made it three in a row over the Mets, who used 11 pitchers in an attempt to cool Charleston bats which belted out 37 hits in the three games.

**NEWMAN TIES WORLD RECORD FOR 100 DASH**

**By DICK BARNES**  
**Associated Press Sports Writer**

FRESNO, Calif. (AP)—Take a short, brittle-legged balding fellow and match him with brawny Bob Hayes, the world's fastest human and a football player when he isn't sprinting. It sounds like the other man might win the race — if Hayes ran backwards.

But incongruous as it seems, Darel Newman, Fresno State College, is the one man in the world who apparently can give Hayes his closest race at 100 yards — and he fits the bookish description.

Newman blazed a 100 in 9.2 seconds Saturday at the West Coast Relays as he equaled the listed world record and became history's fastest Caucasian at the distance.

He shared the spotlight with veteran shot-putter Dallas Long who upped his world record to 66-7/4 despite a foot injury.

Newman accomplished his 9.2 despite a start that did not satisfy him and a misjudgment of the finish line. Yet one of three official watches caught him in 9.1 and one of the 9.2 official clockings was only a hair over 9.1.

Hayes, history's only 9.1 sprinter, still hasn't had the mark accepted as a world's record because he ran on an asphalt track.

**HE'S ONLY 20**

Newman, only a 20-year-old junior, despite his deceiving hairline, ran on the Redcliffe Stadium track that officials call "just plain old, San Joaquin Valley clay."

The record came in a heat

# PREAKNESS SHAPES UP AS 6-HORSE RACE

**By ORLO ROBERTSON**  
**Associated Press Sports Writer**

BALTIMORE (AP)—The field for the 88th running of the \$150,000-added Preakness at Pimlico Saturday shaped up as a six and possibly seven-horse affair today with another duel in the offing between Kentucky Derby winner Northern Dancer and runner-up Hill Rise.

Nothing occurred in the one-mile of the \$61,000 Withers at Aqueduct or the 1-1/16 miles of the Preakness Prep at Pimlico last Saturday to alter the original field for the second race of the Triple Crown for 3-year-olds.

In addition to Northern Dancer and Hill Rise, the starting lineup is expected to consist of the next three finishers in the Derby — The Scoundrel, Roman Brother and Quadrangle — Knightly Manner and perhaps Big Pete.

**4-LENGTH VICTORY**

Mr. Brick, sixth in the Kentucky Derby after setting the early pace, romped to a four-length victory in the Withers with a respectable 1:35 3/5 clocking and is eligible for the Preakness.

But after the Withers, Trainer Jimmy Picou said, "I doubt it," when asked if the heavily campaigned son of Johns Jovt would make the trip to Baltimore. Mr. Brick has raced nine times this year and has a record of three victories, three seconds and one third for earnings of \$107,710 and a total bankroll of \$196,523.

The size of the Preakness field should benefit Hill Rise, who was unable to match Northern Dancer's quick start at the five-fifths pole in the Derby. Pimlico's sharp turns favor Northern Dancer's shorter strides but the small field figures to give Hill Rise ample room to stretch his long, ground eating strides.

**FAVORITE FALTERS**

The \$24,000 Black Eyed Susan for 3-year-old fillies at Pimlico last Saturday lost some of its luster when Blue Northern, unbeaten in five races this year, came up with sore legs and was

when, said Newman, he eased up too soon because he thought another cross stripe was the finish. He won the final in 9.3 and had slight, but allowable, aiding winds each time.

Newman, 5-9 and 155 pounds, said he had "built myself up all week long" in anticipation of the race before 12,000 hometown fans.

Long almost did not compete because he dropped a weight on his left foot the week before the meet. But he ignored a painful bruise and slight bone chip long enough to better his previously pending world mark by 7/4 inches.

# Mother, Daughter Killed In Crash

MIFFLINBURG, Pa. (AP) — Two cars crashed head-on Sunday on Route 45, killing a mother and her 11-year-old daughter and injuring two others.

The victims were identified as Mrs. Gladys Marie Zimmerman, 33, of Lewisburg, and her daughter, Pamela Kay.

Mrs. Zimmerman's husband, Robert, 37, driver of one car, was admitted to Evangelical Hospital in Lewisburg with contusions of the head and scalp.

Also hospitalized was the other driver, Mrs. Ruth E. Riale, 45, of Bloomsburg, suffering fractured legs and hands, shock and lacerations. The accident occurred two miles east of this Union County community.

**BILLY CASPER WINS \$14,000 AT COLONIAL**

**By HAROLD V. RATLIFF**  
**Associated Press Sports Writer**

FORT WORTH, Tex. (AP)—Give round man Billy Casper a tough golf course and chances are about three to one that he'll win on it.

He says himself that "I like a long, tough course where I seem to play best." And he proceeded to demonstrate the point Sunday when he swept up \$14,000 first money over the 7,122-yard Colonial Country Club course.

Such an astute observer as Gary Player rates Colonial among the top three courses in the world.

**21 WINS IN 10 YEARS**

Casper, the 32-year-old, 215-pound citizen of Bonita, Calif., had a closing par 70 for 279 — one under par — to win the Colonial National Invitation by four strokes over struggling Tommy Jacobs of Bermuda Dunes, Calif.

He commented afterward that Colonial was a mite tougher than even Winged Foot at Mamaroneck, N.Y., where he won the National Open in 1959.

Casper now has won 23 tournaments in 10 years on the tour and his triumph Sunday vaulted him into fourth place among the all-time money winners.

He has run his total to \$312,305 and that puts him ahead of Sam Snead, who has gobbled up \$311,790.54 in a much longer career than the chubby man from California.

**JACOBS SECOND**

Jacobs wound up in second place and won \$7,000 as he limped in with a 74 for 283. Gene Littler, former National Open champion from LaJolla, Calif., was third with 285 and took down \$4,000.

Arnold Palmer and Jack Nicklaus, currently the biggest names in golf, didn't fare well. Nicklaus had 292 and won \$775. Palmer managed 287 and took down \$3,160.

Casper became one of the three top money winners of golf when he moved into third place for the year with \$30,891. Nicklaus leads with \$46,925 and Palmer is second with \$38,498.

scratched.

Bold Queen led throughout the 1-1/16 mile event and won by one-half length over favored Screee to pick up \$15,600. The Wheatley Stable Miss paid \$14. Trainer Wally Dunn said Blue Northern would be retired for the year.

In other top races, Smart posted a one-half-length decision over Inbalance in the \$30,275 Valley Forge Handicap at Gard State Park for a \$8 payoff; Nushka, \$23.20, captured the \$40,325 Illinois Derby at Sportsman's Park; Beauful, \$8, took the \$16,575 Hannah Dustin Handicap for fillies and mares at Suffolk Downs; Shoot Luke, \$87.80, won the \$15,000-added Louisville Handicap at Churchill Downs and I'm Nashville, \$11, showed the way home in the \$16,650 Golden Gate Juvenile at Golden Gate Fields.

# ORIOLES TAKE DOUBLE BILL FROM TIGERS

**By HAL BOCK**  
**Associated Press Sports Writer**

J. D. Salinger wrote Catcher in the Rye and it was a best seller. Charlie Dressen's book on his catchers won't sell as many copies but it's sure to make interesting reading.

It wasn't exactly a good day for American League receivers Sunday, and for Dressen's Detroit Tiger catching staff, it wasn't even a reasonable day.

The Tigers lost twice to Baltimore and that matches that number of times Dressen probably blew his top in the Tiger dugout watching catchers Bill Freehan and Mike Roarke heave throws with reckless abandon.

Norm Siebern was on first base with a leadoff walk in the fourth inning of the opener when Brooks Robinson laid down a bunt. Freehan pounced on the ball and uncorked a picture throw which landed in the Baltimore bullpen in right field.

Siebern scored and Robinson dashed all the way to third on the error. He later scored on an infield out. Milt Pappas, with ninth inning help from Dick Hall, made the runs stand up for a 2-1 victory.

Dressen sat Freehan down in the nightcap and started Mike Roarke behind the plate. Things didn't get worse, but then, they didn't get better either.

**TWINS DROP K. C.**

Baltimore had a 2-0 lead and the bases were loaded with two out in the fourth when Roarke tried for a pickoff at third base. His throw sailed into left field leaving Dressen with a 4-0 deficit and no other catchers to turn to. The Orioles added three more runs and completed the sweep, with a 7-1 victory.

In other American League games, Minnesota got a three-run homer from Don Mincher and dropped Kansas City 6-3; Chicago bested Los Angeles 5-3 with Ron Hansen and J. C. Martin homering; New York swept two from Cleveland, 12-2 and 8-2 in 10 innings and Washington split a pair with Boston, winning 13-4 and losing 9-4.

**BATTERY HOSPITALIZED**

Mincher's three-run homer and Earl Battey's solo blast provided a tidy cushion for Camilo Pascual who needed it.

Battey was hospitalized after being injured while catching a foul ball in the sixth inning. He made a spectacular catch and was stunned crashing into the chair used by the ball boy.

Hansen had a three-run homer in the first inning and Martin's solo shot put the White Sox in front to stay after Jim Fregosi and Dick Simpson had tied it with homers for the Angels.

Manager Yogi Berra got his starting line-up intact for the first time this season and the Indians felt the impact.

# Boy, 10, Drowns Near York Haven

YORK HAVEN, Pa. (AP) — Ten-year-old Douglas Vincent Hendrich drowned Saturday while trying to swim to safety after drifting into 10 feet of water in a discarded rowboat with a leak.

State police said Hendrich and another boy, Kenneth Flinchbaugh, 12, found the rowboat at a small dam near the Brunners Island steam electric plant, near his home in York Haven.

The Flinchbaugh boy was quoted as saying he jumped out of the boat when it began taking water. Hendrich however did not leave the boat until it had drifted some 12 feet from shore, officers said.

**DURHAM, N.C. (AP) —** George Sokol, a North Carolina senior from Bryn Mawr, Pa., beat Marylands Jim Busick Saturday to become the first Atlantic Coast Conference tennis player to win three straight conference championships.

The 5-foot-10, 145-pound bsokol beat the southpaw Terrapin 6-4, 6-0, 6-3 in the finals.

**Sunday's Stars**

**BATTING —** Bill Skowron, Washington, hit three home runs and a double, driving in five runs, as the Senators trounced Boston 13-4, then lost 9-4.

**PITCHING —** Joe Nuxhall, Cincinnati, shut out Philadelphia 2-0 on four hits for his second victory in four decisions.

"We haven't taken any recent editorial stands that would be called controversial. The city of Laurel has been quiet of any racial troubles. No one has been fired recently. I can't imagine why anyone would want to do this to us."

## Family Of Five Finds Costs At Fair Reasonable

By FRANCIS STILLLEY

NEW YORK (AP)—As millions of parents will in the coming months, Mr. and Mrs. Bob Osborne took their children to the World's Fair a few days ago. They found some costs far too high to suit them but regarded most as reasonable.

The Osbornes and their three children—John, 6; Steven, 5 and Amy, 4—spent a total of \$13.47 during their visit which lasted from late morning to 7:30 p.m.

That included parking and admission charges. The family's largest expense of the day was for souvenir hats for the boys. These were lightweight, Alpine types, sporting tall feathers and the boys' names stitched onto the brim.

**DAD DUMBFOUNDED**  
The price was \$3.12 for the two. Osborne was dumbfounded when he learned the cost. "I thought maybe they would be about 30 cents each," he said.

Mrs. Osborne, an attractive brunette, was equally dismayed but the parents had promised the boys hats in advance and didn't want to disappoint them. Little Amy settled for a balloon, price 50 cents. It was a double-type balloon, with one representing a bunny inside a larger sphere. The outside balloon got punctured in about an hour. The other lasted about 30 minutes longer. Osborne thought that price "a little steep."

**AVOIDED AMUSEMENTS**  
The Osbornes live in Summit, N.J. The father, a tall man who is often told he bears a resemblance to Rudy Vallee, is an accountant for the First National City Bank of New York and works at its Manhattan headquarters.

The parents had studied newspaper stories about various costs. In planning their first day they deliberately avoided the amusement section, where rides and shows range from 50 cents to \$3.

They felt it would involve too much expense for the whole family, and they also wanted the children to see as much of the fair as possible.

**SAW STATE PAVILION**

The Osbornes, who are Roman Catholics, began their day at the fair with a prayer at the Vatican Pavilion and ended it with high praise for the exposition.

After a visit to the New Jersey Pavilion it was lunch time.

To cut down their expenses, they had brought with them five corned beef sandwiches and some apples. They bought four sodas at 15 cents each at an outdoor restaurant and ate on a bench near the Unisphere, symbol of the fair. Young John got a 10-cent package of gumdrops.

**JOHN GOT LOST**

In the afternoon the family visited the Wisconsin exhibit to see the world's largest piece of cheese—a 17½ ton chunk measuring 6½ by 5½ by 14½ feet. They also took rides through the General Motors and Ford Pavilions, which are free.

Approaching the Sinclair Pavilion to see the life-size, animated dinosaurs and other prehistoric animals, John got lost. His parents put in an anxious 10 minutes before they found him strolling about inside the pavilion gazing at the dinosaurs.

The only other expenses were \$1.50 for parking, \$4.65 for admission to the grounds and five ice cream cones at 25 cents each.

**BOUGHT TICKET BOOKS**  
The normal admission price is \$2 for adults and \$1 for children.

However, Osborne had tickets which had been purchased by his bank at a one-third discount before the fair's opening.

Books of tickets now may be purchased at fair gates at a 25 per cent discount.

Afterward, the Osbornes decided they liked the General Motors show the best. Visitors there ride in moving seats through exhibits depicting the world of tomorrow.

**NOT DISAPPOINTED**  
They originally had planned to take the children to Pepsi-Cola's "small world" show, but changed their minds when they learned admission was 95 cents for adults and 60 for children.

Said Mrs. Osborne in summing up the fraction of the fair they saw:

"I think it's marvelous. We've been looking forward to it quite a while and we're not disappointed."

Said her husband: "It was very exciting. I really loved it. The things we saw I thought were very impressive. As for expenses, I guess you have got to pick and choose. I do feel that people can see it on very little money. You can pay anything you want."

## NEGROES HURL STONES, BRICK IN CAMBRIDGE

CAMBRIDGE, Md. (AP) —

Gov. George C. Wallace carries his Maryland presidential primary campaign to this racially divided city today on the heels of a noisy, stone-throwing Negro demonstration Sunday night.

The Alabama Democrat is scheduled to speak tonight to the Dorchester Business and Citizens Association, the group behind the referendum defeat last Oct. 1 of a Cambridge equal accommodations law.

About 50 youthful Negroes paraded singing through the streets of the Negro section Sunday night, tossing firecrackers and stones in apparent protest to the governor's scheduled appearance.

A brick smashed through the window of the home of Edith Holley, principal of the Negro high school.

**LIKE SPIRITUAL**

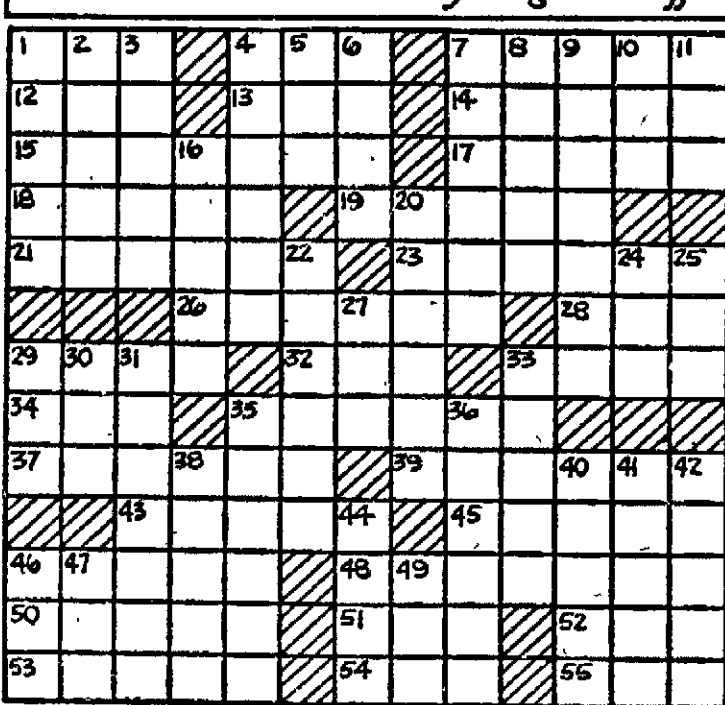

"It was like a Negro spiritual Sunday revival," said the National Guard commander, Maj. Bernard Feingold. "But it was a little late in the evening for it."

Only 10 guardsmen were in town when the outburst occurred, but plans call for increasing the force to 400 today. Guard troops were sent in last June 12 when racial violence resulted in injury to 12 persons. They are still there.

Demonstrations are specifically banned by the modified martial law still in effect, but no arrests were made Sunday night.

## SHORT ACTION SHOW ON TV IS OBSOLETE

By CYNTHIA LOWRY

AP Television-Radio Writer  
NEW YORK (AP)—The half-hour action show, once the most popular television form, is now obsolete.

It told a short story in the most uncomplicated form — the bad guys hijacked the truck or held up the bank. The good guys tracked them down. There was a shootout or fist fight and the good guys won every time.

There was no time for subplots, counterplots or character development. Hollywood turned them out like sausages and they were all over the channels for years until they were replaced by the hour-long action shows.

**STILL ISN'T RIGHT**

CBS' "Brenner," which moved into the network's lineup Sunday night, is a series of half-hour shows made five or six years ago. Like the original half-hour "Naked City" series, it tried to get away from the stereotyped cops and robbers show and inject some realism.

It did not work out very well then — the series was short-lived — and even today, accustomed as we are to realism and character development, it still isn't right.

Sunday night's episode — one of several never shown before — had a mere suggestion of crime for plot — a planned robbery. The story focused on a frightened informer who feared his stool pigeon role had been discovered by the criminals, and on a worried police lieutenant concerned about the man's safety. Except for a brief burst of action at the end, it was slow going.

**BEST FOR RERUNS**

In sharp contrast was ABC's rerun of one of the most interesting episodes of "Arrest and Trial." It demonstrated that character development, well handled, can be more fascinating than a shootout in a police tale. Roddy McDowall, in a performance that won him an "Emmy" nomination, played masterfully the role of a disturbed young man, at once sentimental poet and arrogant savage killer.

CBS' "The Defenders" on Saturday was also a thoughtful character study — and a rather frightening one at that. It was the story of an ignorant young working man who was involved in a fight with a stranger. The man was killed and turned out to be an important Cuban Communist.

**SUPERIOR SERIES**

The drama showed how the obscure man reacted when he suddenly became a hero and a cause celebre for super-patriotic groups. He enjoyed the limelight so much he finally convinced himself that he had deliberately committed a patriotic assassination.

"The Defenders" usually is not an ideal television show for the viewer looking for uncomplicated, undisturbing entertainment. It invariably has both point and point of view and sometimes it reaches conclusions that are not as satisfying as having the good guys win or the murderer reveal himself in the courtroom. It is altogether a superior series.

## 5 MURDERED; SUSPECT MAY HAVE DROWNED

BOISE, Idaho (AP) — Five

persons, including three children, were found murdered Sunday and police said a 54-year-old Boise man wanted for questioning in the slayings was presumed drowned.

A patrolman spotted a motorist officers believe to be Raymond A. Reasons acting suspiciously and chased his car until it plunged into a canal. The man escaped the vehicle, but police said he apparently was pulled under water in the canal.

Three of the victims were his children, one was a stepdaughter, and the fifth was his former wife whose body was found in the car.

**REPORT MURDERS**

The search for the bodies began when Mrs. Edna Reasons, the estranged wife of Reasons, told police her husband had called and told her he had killed the children — Eddie Ray Reasons, 13, Pamela, 11, and Patty, 10, and Reasons' stepdaughter, Sally Gohman, about 20. They were found in Reasons' house.

Pulled from the car submerged in the canal was the body of Estelle Reasons, about 47. Her body was wrapped in a blanket and she had been shot in the chest. A rifle was found in the car.

At the Reasons home, police said, a note found near one of the bodies read, "I've hurt them long enough." It was signed "Daddy."
